## HOLDUP MAN GIVES BACK THE 50 CENTS

After Dragging Mrs. Eugene Vanwinkle Down Alley, Highwayman Returns The Money

### LEARNS SHE WAS MARRIED

Threatens Her With Gun, But Fails to Take Purse Containing More Than \$20—Escapes

After making good on a hold-up Saturday night about 8 o'clock, when Mrs. Eugene Vanwinkle of Anderson was assailed at an alley between Morgan and Harrison streets, in West Fifth street, by a highwayman, he handed back to his victim the money he had secured, and made his escape down the alley.

According to the story, Mrs. Vanwinkle, who is visiting her mother, Mrs. John Sparks, 528 North Arthur street, was enroute down town, and when reaching the alley at the rear of the residence of B. F. Miller, 501 North Morgan street, a man halted her, and placed his hand over her mouth, and dragged her back into the alley.

He flashed a revolver and told her to keep quiet or he would shoot. He said that his home was in Muncie and that he needed money to reach his destination. Mrs. Vanwinkle asked him to be merciful, fearing that she would be injured, and wanted to know how much money he needed.

It is reported that he said that fifty cents would help him, and she pulled out her pocketbook, which contained more than \$20 in paper and silver money, but she handed him the 50 cents, which he dropped into his pocket.

When the money dropped, it hit some other change that caused a jingle. The highwayman questioned his captive, asking her if she was married or single. She replied that she was married, and then for some reason or other the man reached down in his pocket and to the great surprise of the excited woman, gave back the fifty cents.

With a word of warning that she was not to scream, or leave until he had gone out of sight, he made a dash up the alley north, and then Mrs. Vanwinkle ran down town and told some friends what had happened.

The police were not notified, and knew nothing of the affair until too late to do anything.

Mrs. Vanwinkle stated that the man was well dressed, but was a stranger to her. He came down Harrison street and preceded her to the alley, when he stopped, presumably to light a cigar, and then he grabbed her as she passed. Mrs. Vanwinkle was formerly Ruby Sparks. Her assailant handled her roughly and her arms were badly scratched during their scuffle.

## COLD WEATHER IS FORECAST TUESDAY

With Mercury Above Eighty Degrees Today, Decided Drop is Expected to Come Overnight

### RIVER OUT OF ITS BANKS

With the mercury rising above 80 degrees today, thunderstorms and colder weather are predicted for tonight and Tuesday.

Folks who have not yet gone to the "lights" may defer the step for the time being because the weather man insists that winter has not departed from among us yet.

With much more rain, a flood of some proportions may be expected, because Flatrock is out of its banks again and flooding the lowlands. The old ball park in South Main street is covered with water and pastureland on the Boyd farm, south of the river was also converted into a lake by heavy rains of the last few days.

Persons driving to Indianapolis Sunday reported that the river was running across the road west of Morristown, and fishermen who were out Sunday say that the river was running across the road northeast of Rushville.

## HOME AND FOREIGN SOCIETIES TO MEET

Women's Organizations of White-water Presbytery to Gather at First Presbyterian Church

### TWO MISSIONARIES TO SPEAK

The forty-sixth annual meeting of the Woman's Home and Foreign Missionary societies of the White-water presbytery will open at the First Presbyterian church here Tuesday afternoon at 2:30 o'clock and will continue until Wednesday evening. Delegates and other members from the twenty-two societies in southeastern Indiana will be present. Fifty or more visitors are expected. All sessions will be open and anyone interested is cordially invited to attend.

The principal speakers on the program will be Miss Marie Preston of New York City, a former missionary and at present field secretary of the Woman's Home Board, and the Rev. Howard Campbell, a missionary from Chiangmai, Siam.

The closing session on Wednesday evening will be devoted to a discussion of young peoples work, the feature of which will be a pageant given by the young people of the First Presbyterian church. Miss Anna Stearns of College Corner, formerly of this city, who is secretary of young peoples' work in the presbytery, will preside and lead the round table discussion on the opportunities for work among the young people.

## GOVERNMENT TO QUASH CHARGES?

Attorney General Harry M. Daugherty Arrives in Indianapolis Today to Start Action

### FIRST STEP TO END STRIKE

Mine Operators Refused to Enter Wage Conferences Because of Charges Before Anderson

(By United Press)  
Indianapolis, Ind., Apr. 10.—Attorney Harry M. Daugherty invaded the center of union activities in the nation wide coal strike today, presumably to take up the government's first concrete action toward ending the suspension.

The attorney general was understood to be preparing a motion to squash the government's conspiracy charges against 226 coal mine workers and union officials returned by a federal grand jury under the Sherman anti-trust law in the spring of 1920.

Mine operators in refusing to enter interstate wage negotiations with union representatives give as their reason the pending charges which were aimed at collective bargaining as practiced in the wage scale conferences. They declared the nature of the indictments prohibited such conferences as provided by the scale expiring April 1.

Prosecution of the government's case has been declared while operators and union officers living outside Indiana fought legal proceedings, seeking to remove the jurisdiction of Judge Anderson's court here.

President John L. Lewis of the United Mine Workers at headquarters here directing the strike, declared he knew nothing of Daugherty's intentions. Both he and the miners legal counsel denied that they even knew the trip had been planned.

Besides striking at collective bargaining, the indictment also sought to abolish the check-off system used in the majority of the union coal fields under which the operators deducted union dues from the miners' pay.

Judge A. B. Anderson of the United States district court, who granted an injunction under the Lever law and stopped the coal strike in November 1919, refused to divulge the purpose of the attorney general's mysterious trip to headquarters city of the miners union.

## ARMLEADERS ARE BOUGHT BY BOARD

Commissioners Award Contract For Two 3½ Ton Motor Trucks to Cincinnati Company

### THEY WERE LOWEST BIDDERS

With Two New Trucks and Ditcher, County Highway Department Is Well Equipped Now

The Rush county board of commissioners awarded the contract for two motor trucks of three and one-half ton capacity to J. Armleader and company of Cincinnati late Saturday afternoon. The contract price for the two trucks is \$6,972.70, F. O. B. Rushville.

This was the lowest bid on trucks of this capacity and it was the only bid which included the freight to Rushville. There was a bid of \$6,400 for two trucks, submitted by the Deane Truck company, but they were only two ton trucks, whereas the commissioners asked for bids on three and one-half ton trucks. The Armleader truck is fully equipped and the commissioners believe that it will fully meet the local requirements.

The county already owns one truck which is being used in maintaining the roads, and with the additional equipment added, which includes a ditcher besides the two new trucks coming, it is believed that the highway department will be well fitted out for taking care of the county roads.

The ditcher was recently purchased by the county commissioners and has been in use for a week. It was tried out first on the road between here and Glenwood and found to work satisfactorily. The large steam roller owned by the county supplies the power for drawing the ditcher, which works the same as a road scraper and cleans out the side ditches along the roads so that the surface will drain quickly after a hard rain and water will not stand on the roads and wear holes in them.

When the two new trucks arrive, one will be stationed at Milroy, one at Rushville and the truck now in use will be located at Mays. In this way the county highway superintendent will be able to divide up the work so that so much time will not be consumed in traveling from one section of the county to another to make road repairs.

Just now the highway department is engaged in repairing a stretch of road running from Glenwood three miles west. The road has been full of holes for two or three years and all attempts to patch it have been of no avail. It was formerly a macadam road on which was applied a coat of some sort of tar binder.

The road is being spiked and torn up and then will be rolled with the steam roller. At the same time the side ditches will be cleaned out and deepened so that the road will drain properly.

## WITHDRAWS FROM THE RACE

Cyrus H. Willey Only Candidate to Ask Name Be Left Off Ballot

Cyrus H. Willey, a democratic candidate for trustee of Walker township, late Saturday afternoon filed his notice of withdrawal from the primary race, and of all the candidates who filed for the primary, he is the only one who withdrew. There was some doubt expressed as to whether or not his petition would be accepted as it was received a day late. The final limit for candidates to withdraw was on Friday, or as provided by law, 25 days before the election. The election commissioners will take the matter up, and may authorize his name stricken from the ballot.

In case his withdrawal is accepted there remains two other candidates on the democratic ticket for the same office, James Robinson and William Webster.

## TRAIN, 3 MACHINES FIGURE IN MISHAPS

Two Fords Collide at Eighth and Main Streets Sunday Evening, Occupants Escaping Injuries

### ONE MACHINE TURNS OVER

M. J. Mascari's Truck is Driven Down 20-Foot Embankment to Avoid Running Into Train

A train and three automobiles figured in two automobile accidents Sunday, in which the occupants all escaped without serious injuries in a most remarkable manner. One accident happened in Rushville at the corner of Eighth and Main streets, and the other happened at Hawthorne, near Indianapolis, in which a Rushville truck was badly damaged.

The accident in Rushville occurred at six o'clock Sunday night, when a machine driven by a man named Stevens, crashed into a machine owned and driven by a man named Walker, in which the latter's machine was turned over, and two men, a woman and an eight-months-old baby escaped.

A truck owned by M. J. Mascari, commission merchant of this city, which was driven by Ray Dye, in company with three others, took the ditch at Hawthorne, when a collision with a freight train, could not be averted, and the truck went down a twenty-foot grade without turning over and causing serious injuries.

The two machines which collided in Rushville were both Ford touring cars. Stevens is said to reside in the northwestern part of the city, and was going east in Eighth street, ready to turn south in Main. The Walker machine was going south and crossed Eighth street, when struck in the rear by the Stevens machine, and it was hurled around, landing on its side.

The jar caused the car to be turned completely around. Mr. Walker was accompanied by his wife, his brother and his baby. The car was securely fastened with side curtains and all four occupants had to remain with the car until rescuers reached the scene.

In the rear seat were 12 quart bottles of maple syrup, a baby carriage, bed clothing and a trunk. The people were moving from Knightstown to Pierreville, east of Osgood. Only two jars of the syrup were broken, but the baby carriage was smashed in the wreckage.

The automobile was not damaged except the top and an inner tube in one of the tires. The Stevens machine halted when it struck the machine, receiving a broken axle and other damages, which put the engine out of commission.

The crash was heard for squares, and a large crowd soon collected. It was considered fortunate that the overturned machine did not catch fire because the four occupants were closely pinned in the wreckage and their rescue would have been doubtful.

The Mascari truck left Rushville early Sunday morning, shortly after midnight, in charge of Ray Dye, and other occupants were Victor Moore, Melvin Wright and Clarence Driver. Continued on Page Five

## HORSES IN A WILD DASH

Furniture Belonging to James Wright is Damaged

A team of horses hitched to a large load of household furniture, made a wild dash up Sexton street this morning from the home of James Wright, 814 North Sexton, and a quantity of the furniture was jolted off as the team went wild over the streets. It is not known what frightened the team, but they ran to the corner of Eleventh and Sexton and turned west to Arthur and went down a square on that street, before they were caught. At almost every bump a chair or some article would fall off, and the kitchen cabinet was damaged beyond repair.

Mr. Wright is moving from that residence to the Abercrombie farm, north of Rushville.

## COUNTRY HOME IS BURNED TO GROUND

Fire Starting From Defective Flue Destroys Welcome Aiken's House Northeast of City.

### PART OF CONTENTS IS SAVED

The farm residence of Welcome Aikens, located five miles north of Rushville, on the Ft. Wayne road, was destroyed by fire at noon today, when a defective flue in the kitchen is believed to have started the blaze. The dwelling was two stories and the fire gained rapid headway before it was discovered.

A portion of the household goods was saved from the downstairs, but the contents upstairs were destroyed. The fire was held to the house, as the large barn across the road was saved.

The loss could not be estimated today, and it was not learned whether insurance was carried or not.

Farmers came from many miles around, being attracted by the flames, and formed a bucket brigade in an effort to save the house, but the fire had such a good start that it could not be checked.

## MUNHALL REVIVAL IS IN SECOND WEEK

Largest Audience Present Sunday Night to Hear Sermon "The Bible a Spiritual Revelation"

### TROUBLE WITH CRITICS

In Literary and Historical Tests, They Reduce Bible to the Level of Other Books

The Munhall revival meetings at St. Paul's M. E. church entered upon their second week Sunday under most favorable circumstances. The exceptionally fine weather helped to bring out large numbers with everybody cheerful, attentive and responsive to the message of life and hope.

A magnificent audience was present at night, the largest yet. The Rev. Mr. Black conducted the service. Dr. Munhall's subject was "The Bible a Spiritual Revelation." He called attention to the facts that God is a Spirit and man is spiritually dead, therefore the teaching of Jesus was enigmatical and He Himself an enigma.

"His hearers could not understand Him: it is so today," the evangelist continued. "The mind of the natural man is anuity against God: it is not subject to Him, neither indeed can it be. Renan, the great French infidel, once said 'The fundamental postulate of higher criticism is a denial of the supernatural; and there lies the trouble with the critics. They, by their so-called literary and historical tests have reduced the Bible to the level of other books; and while they are scholarly in the care of the schools; they get things wrong for things spiritual cannot be explained by things natural."

The doctor supported his contentions by numerous scriptural citations, concluding with 1 Cor. 2nd chapter.

The 10:30 a. m. service was exceptionally interesting and profitable. The large chorus under the direction of O. P. Wamsley rendered, beautifully, several selections. Then the pastor, Rev. C. S. Black, sang a part of "The Psalms" artistically and impressively. Dr. Munhall's sermon was on the "Witness of the Spirit." He said Methodism was a protest against the ritualism and formalism of the church of England and special emphasis was laid upon experimental religion, including sanctification and the witness of the Spirit; but of late years these doctrines are not often preached by the regular ministry, especially the Witness of the Spirit not withstanding they are scriptural and important. The preacher then showed by the bible that the witness of the spirit was the revelation. He made of Jesus to the be-

## TRIED UNDER THE LAZY HUSBAND ACT

Case of State Against Ernest Teeters on Trial in Circuit Court Before Jury

### PENALTIES ON CONVICTION

Relatives Send Word They Will Pay Fine of Leonard Ellsbury, Convicted on Liquor Charge

Ernest Teeters was on trial today in the circuit court, charged under the lazy husband act of failing to support his wife and child, and the case was given over to the jury about 2:30. Several witnesses were used by the state and defense, and the case was put through without much delay in securing a jury.

Under the statute upon which the case is based, the jury may impose a fine of not more than \$500 to which may be added a jail sentence of not more than six months, in case the defendant is found guilty.

Teeters was arrested last week and placed in jail, being unable to provide the bond. The prosecution was brought by his wife Muriel Teeters, a daughter of Otto Floyd, 718 East Eighth street, the grand jury having indicted him when they held their session a couple of weeks ago.

Mrs. Teeters, when testifying this morning, stated that her husband had failed to provide since last August. She itemized the number of places where they had lived since their marriage in June 1920, and the last place where they resided together was in East Seventh street, in a house owned by John Moore, colored, who is said to have started ejectment proceedings for non-payment of rent.

The defense attempted to show the jury that in August, last year, when the couple was residing on the Frank Warlick farm, that Teeters underwent an operation for appendicitis, and that his physical condition did not warrant any hard labor, and that his failure to support could not be helped.

A new suit was filed in the circuit court in which the American Security company is plaintiff and Capp Miller and Delaney M. Miller are defendants. The action is to collect judgment on a note and \$1,925 is demanded.

Commitment papers on Leonard Ellsbury to serve out a sentence at the State Penal farm have been prepared, but word yesterday from relatives stated that they would be in today and make the necessary payment of a fine which was assessed against him by a jury about two weeks ago.

## COLORED PEOPLE MEET AT CARTHAGE

Go on Record as Being Against Any Acts, Such as Occurrence Here, Which Discredits Race

### NEXT SESSION IN THIS CITY

The two hundred members of the National Association for the Advancement of Colored People, of Rush Co., held their regular meeting Sunday in the Christian church at Carthage, and went on record as being against any acts or assaults by their people, which has a tendency to discredit their race.

The matter was brought up following the citing of a Rushville incident on last Thursday night, when a colored man is alleged to have caused a disturbance in a theater here. He is said to have been jealous of a girl, and attacked her, because she was in company with another man. The girl is said to have been a first cousin of the alleged attacker.

The county organization of colored people will make an attempt to prevent any outbreak among their people, because they say that it reflects upon the entire race, and places them in a peculiar situation. They want it understood that they do not sanction such conduct.

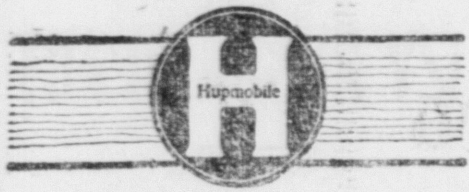

The association meets twice a month, alternating between Rushville and Carthage.

## FIVE NEW MEMBERS ADDED

Rush County Horse Thief Detective Association Meets

Five new members were added to the Rush County Horse Thief Detective association in the meeting in the commissioners room in the court house Saturday afternoon. About thirty members were present for the meeting.

The new members were initiated as follows: Alfonso Nelson of Gings, W. A. Young of this city, L. H. Weaver of Anderson, J. Hooker Wilson of Ripley township and William T. Hufferd of Arlington.

Another county meeting of the association will be held in a few months, according to present plans, at which wives of members will be entertained.

## ANNOUNCE ESSAY CONTEST BY RADIO

Voices in Air Offer Opportunity to High School Pupils Writing Best Essay on Good Roads

### NOVEL AND UNUSUAL METHOD

Terms of National Competition to Students in Frozen North Cabled by Alaska Commissioner

Radio announcement of the national essay contest on good roads for a four years university scholarship offered through the Highway and Highway Transport Education Committee, has been made by the United States Post Office Department in behalf of the thousands of boys and girls who expect to participate, and in the interest of good roads generally.

Picked out of the air by thousands of receiving stations, the announcement constituted virtually the first time this novel and unusual method has been employed to reach the people of the nation with a problem of universal concern. In itself the announcement marks an era in utilization of this means of communication as important in its way as the sensible and adequate development of the highways of the country.

Dictated by an operator in the tower of the sending station in Washington, the terms of the contest, suggestions and other information, were heard plainly in many thousands of homes and offices where wireless apparatus is installed, connected with the Capitol only by the ether waves which link the remotest section of the country with affairs of metropolitan life.

Friends and neighbors, told in advance of the forthcoming announcement, gathered in the privacy of homes, learned that all pupils of high school grade are eligible to try for a four years university scholarship by writing an essay on the subject "How Good Roads are Developing My Community." Essays, said the voices out of the air, should not exceed 700 words in length and should be handed high school principals or teachers not later than May 1 of this year. Students were urged to depend largely upon their own observation for information, and it was said contestants are placed on their honor to submit only original papers.

High School principals and teachers, who will receive the essays, will in turn submit the best three of those written in their schools to a designated educational institution, within the respective states, cooperating with the committee in the conduct of the contest. Further information, if desired should be sought of the Highway and Highway Transport Education Committee, Willard Building, Washington, D. C., it was said. Dr. John J. Tigert, United States Commissioner of Education, is the chairman of the committee.

Not only is this newest method of communication being employed to encourage boys and girls to undertake the study of economic problems which lie closest home, but educational authorities in the territories and outlying possessions of the United States, realizing the handicaps of time and distance under which their students labor, have utilized advanced modes of making the conditions known to their pupils.

The contest was announced to high school students of Alaska by cable. Writing to the committee in Washington, Dr. Lester D. Henderson, Commissioner of Education for Alaska, says:

"Upon receipt of your letter, we immediately forwarded the information it contained to all Alaska schools in which high school students are enrolled, reaching the more remote schools by cable in order that there might not be unnecessary delay."

The national prize, a four year's university scholarship providing tuition and all reasonable expenses of the successful contestant, is offered by H. S. Firestone, Akron, O., a member of the committee. It is being supplemented in many states by secondary prizes offered by universities, civic organizations, and others interested in furthering highway improvement.

—Mrs. Rachel Jones of Chicago is visiting her sister, Mrs. Sarah Giffin and Mrs. Theodore Friend, and other relatives, having come to attend the birthday celebration of Mrs. Susan Tingley.

Filipino Band at Princess

The first three days this week an added attraction will be presented at the Princess, in the Filipino band, consisting of seven natives from the Philippines who will entertain with musical numbers, solos, quartets, dancing and several entertaining features. Senora Cleo is a famous dancer, who also will appear with the musicians. Domingo, head of the organization, is reputed to be the best violinist on the island and this feature alone will prove to be a good attraction.

In connection with the vaudeville, Marie Provost will appear in a motion picture, "Don't Get Personal," on Monday and Tuesday, and a complete change of program will be given on Wednesday.

Feature Comedy at Mystic

You'll say that "The Mysterious Rider," Benjamin B. Hampton's great photoplay of the Zane Grey novel, made for Hodkinson release, is thrills and suspense and romance from beginning to end—after seeing it at the Mystic today and Tuesday theatre. But in addition to that, you will have to admit that it is replete with the funniest situations, and contains some of the funniest characters that you ever saw. Not even excepting regular comedy photoplays!

Frank Hayes is one of the very funniest. Opposite him is another renowned fun maker, Aggie Herring. Mr. Hayes is a ranch hand and Miss Herring is the ranch cook in "The Mysterious Rider." A lot of the fun that actually happened while the picture was being filmed is reflected in this comedy element, but just so the spectator doesn't miss anything, he must be told the April fool joke that the other ranch hands of the picture played on Frank Hayes.

In several scenes, Mr. Hayes is shown chewing tobacco. On April first, when the practical jokes were coming fast and furious, he had a scene to do in which the script says he is to "bite off a chew and roll it in his mouth reflectively." For this his kindly fellow-workers provided him an imitation plug in place of the real one. When he went to bite off his chew before the camera, he found himself gnawing a piece of brown leather that couldn't be bitten through.

FLATTERING MILLINERY

Three styles, characteristic of the season, are shown here. At the top a hat of bright blue braid, piped with satin, has a beehive crown and a narrow satin-covered brim. It is trimmed with cherries primly set about the crown in clusters and bunched at the right side. A brilliant all-black hat, suited to older wearers, has a glittering fabric over its upturned brim and sprays of feathers at each side. The youthful hat at the bottom, employs ribbon and flowers to trim a shape covered with a novelty material. This hat is shown in several colors with little springtime blossoms massed against the upward-rolling brim.

DEFIES RUSS DELEGATION

Lloyd George Defies Them to Accept Allied Conditions or Withdraw

St. George's Palace, Genoa, Italy, April 10.—David Lloyd George today challenged the Russian delegation to accept allied conditions as a basis for its presence at the Genoa economic conference or withdraw.

In a speech which drew applause from the 157 delegates representing 34 nations gathered in the Council Hall for the opening session of the most impressive international conference since the Versailles, the British premier declared the program for the parley was the program laid down at Cannes, France, by the supreme council.

PLAN ONSLAUGHT ON RUM RUNNERS

Uncle Sam's Determination to Throttle Runners System Started Conference of Dry Chiefs

PICKETS GIVE INFORMATION

Spies Stationed at Points of Vantage Tip Off Movements of The Enemy

(By United Press) Washington, Apr. 10.—Uncle Sam's determination to throttle the rum runners system started immediately a conference with prohibition chiefs it was learned today. This war council composed of Commissioner Roy A. Haines, who has lined up the forces on the Canadian border, Colonel L. G. Nutt, who is returning from his mobilization of the Florida army, and E. C. Yellowley, who recently reorganized the forces on the Mexican frontier will assemble Thursday or Friday to draw up the final plans for a simultaneous onslaught on rum runners via sea and land.

Pickets have been stationed all along the line from Havana to Montreal to San Diego to El Paso gathering information from the "enemy" to be used when the new big battle begins.

The Florida division has been reinforced with thirty men who will co-operate with the naval forces—a flotilla of sub chasers now cruising in southern waters awaiting the final command for a smuggling clean up.

Colonel Nutt has stationed "spies" in Havana, Nassau and other points of vantage. They are to "tip off" the Florida commission of sea, land and air forces—one airplane is now being used at this point—on the movements of the enemy.

The army now numbers more than 1,200 men with probably 500 available for border duty. The "intelli-

gence bureaus" now are gathering this data in preparation for the simultaneous movement of all forces.

MUNHALL REVIVAL IS IN SECOND WEEK

Continued from Page One

Liever of all His ministries, the fruit of which is love, joy, peace, long suffering, gentleness, meekness, goodness, faith, temperance, patience, courage and knowledge. A delegation was present from Knightstown.

Dr. Munhall also addressed the Sunday school at the regular session in the morning, urging the young people to accept Christ as their personal Saviour and dedicate their lives to His service. A number responded to the appeal and the service was most impressive. An opportunity to unite with the church will be extended the first Sunday morning in May when it is expected a large class will be received into the fellowship of the church.

This evening at 7:30 Dr. Munhall will preach on "Hell." This sermon will be followed with another on Tuesday evening on the subject "Heaven." The announcement of these topics has aroused a keen interest and large audiences to hear these sermons are anticipated.

WE CAN, IF WE WILL

"WE CAN HAVE PROSPERITY AGAIN IF WE ARE WILLING TO WORK HARD FOR IT."—Rotary Club Bill Board Slogan.

CARD OF THANKS

We wish to express our sincere thanks to our friends and neighbors who so kindly assisted us in the sickness and death of our brother and uncle, Green Thompson.

SPECULATING IN STOCK MARKETS

Public Shows Renewed Buying With- in Last Few Weeks and Daily New High Records Are Made

PRICE TREND IS UPWARD

New York Offices Are Crowded and Confidence In the Business Outlook Appears From All Sides

By R. L. BARNUM (U. P. Staff Correspondent)

New York, Apr. 10.—For the first time in more than two years the big outside public speculating in the stock market on the long side. That is the meaning of the million share days now being witnessed, with prices daily making new high records for the year.

From November, 1919, until last June, the price trend of the market was downward, discounting world wide trade reaction.

Since last August the price trend has been upward, discounting a revival in business.

It is only recently however, that the public has regained enough confidence in the business outlook to again taken the long side of the market.

Only a few months or even weeks ago stock brokers were receiving no inquiries from the speculating public. Suggestions voluntarily made as to the prospects of this or that stock advancing were ignored.

With the prices of stocks continuing to advance on the unexpected recovery that started early this year in farm products values, the public began to nibble in the stock market by voluntarily telephoning inquiries.

Today the New York public is not satisfied with telephone contact with the stock market. Customers rooms of brokers offices are now crowded

as they have not been since the long decline in prices began nearly two and a half years ago.

When the stock market was still boiling in 1919 with prices at the top the loans of Wall Street brokerage houses reached a new high peak of \$1,750, 000,000. With the long liquidation that followed this figure which accurately measures the interest of the big outside public in the stock market, dropped in July 1921 to \$500,000,000.

A month ago, brokers loans here in the street were estimated at \$750,000,000. On all sides it is said those loans are now increasing rapidly.

One large commission house here with a number of out of town wires report it is doing over 100,000 shares a day. Another with a large western following says it received over one wire alone 450 separate buying orders mostly in odd lots.

STATED MEETING

Phoenix Lodge No. 62 F. & A. M. will hold their regular stated meeting Tuesday evening beginning at 7:30.

RED CROSS DEGREE

Rushville Commandery No. 49 K. T. will confer the Red Cross degree upon two candidates Wednesday beginning promptly at 7:30.

New York—The sun's rays, reflected from a mirror in a hardware shop, focussed on an umbrella on a window display across the street and started a fire.

Evanston, Ills. — "Moonshine" murmured Constable Henry Witt when he saw Edward Pulitzer doing the "shimmy" in a court room. The constable investigated and found two kittens had crawled up Pulitzer's pants legs.

Red Lion, Pa.—A pet hen which lays its daily egg on the kitchen table is said to exist at the farm of Charles Laucks.

## Spring is Planting Time

Rushville is regarded as one of the most beautiful cities for its size to be found any place. The well kept lawns, the artistic shrubbery and most essential of all, the beautiful shade trees, all add to the beauty of the city.

We have these things to which we point with considerable pride because somebody, many years ago, had the idea that in order to make a community attractive, it should appeal to the eye. So our fore-

KIDNEY TROUBLES  
Conquered or Money Back

For 40 years, says Dr. Carey, I have been prescribing Marsh-Root for Kidney and Bladder sickness on the money back if dissatisfied plan.

If you are tired, miserable, tortured with nagging backache, lameness, acute, darting pains; subject to dizziness, headaches, sallow skin, puffiness under your eyes, a tendency to rheumatic pains, and Bladder disorders, look to your Kidneys. Don't delay. Get your health back while you can. Drink lots of good, pure water and start at once taking Dr. Carey's Marsh-Root Prescription No. 777, Liquid or Tablets. It has wonderfully benefitted tens of thousands. Results guaranteed. Recommended and sold by all druggists. Insist on genuine.—Advertisement.

**SAP AND SALT**  
BY Bert Moses  
Sap and Salt in the Woods, Ashland, Oregon

The vital organs are the heat, lungs, kidneys and pocketbook.

Getting business is easy; holding it is hard.

The only time it pays to quarrel is tomorrow.

Failure is sure if you try to get more out of marriage than there is in it.

You always find men keener to get more wages than to do more work.

Why not start a Society for Staying at Home and Enjoying Yourself?

## Hoarder Stifles Commerce

When you hoard money away you assist in stifling the commercial activity of this country.

If you put it in the bank the banker lends it to some one who uses it in producing something. That keeps other people at work and keeps the money in circulation.

If you lend it on a mortgage or buy bonds it answers the same purpose. It keeps circulating and every body is benefitted.

When money keeps moving it enables many people to move.

The fellow who can't move is in a bad way.

The dollar that is hid away is in a bad place.

## More Money Than Sense

A flush of indignation is the first emotion most of us have when we read of wholesale swindles. But second thought usually brings the reflection that most swindles are due to the greed of the swindled. When the widow is fleeced out of the insurance money which should have kept herself and her children from want, the indignation is more or less righteous and lasting. But even in that case, had the widow consulted and followed the advice of a reputable banker before investing her all in blue sky stuff, it probably would not have happened.

When, however, patrons of pleasure resorts are parted from large sums because they were too lazy-minded or too greedy for quick returns to make proper investigation, the rest of us with our little savings bank accounts, our diminishing home payments, or sound endowment insurance, our Liberty Bonds and our few shares of good industrial stock salted down, may be permitted to smile.

That is, we may smile as long as we stick to our little old sound investments and do not listen to the lure of the wily salesman who is going to give us profits at a wildly high percentage.

Perhaps the people who have been swindled in the South this winter can afford it. If they couldn't, why did they bite The man who bites on bait like that when his family might suffer if the thing goes wrong is too foolish to waste much pity on.

## From The Provinces

Adding to Gayety of Nation

RUSH G. BUDD

Assumption, Ills.—Elmer Dubeck, local 9 year old came near joining Benjamin Franklin in the great beyond while emulating Ben's kite stunt. Unlike Franklin, the youthful experimenter used copper wire for his kite. The wire dragged across a high tension wire and ten hours later Elmer recovered consciousness.

# SOCIETY

Edited By Miss Edna Krammes  
Phone 1111

The Sons of Veterans auxiliary will meet Tuesday evening at the P. O. S. of A. hall.

Miss Lois Fritter will entertain the members of the Shakespeare club Tuesday evening at her home in North Morgan street.

Mrs. Harry McManus of North Main Street will be hostess to the Cross Country club Wednesday afternoon. Every member is urged to be present.

Mr. and Mrs. A. B. George of near Orange had as their dinner guests Sunday, Mrs. Margaret Murphy of New Salem, Mr. and Mrs. Gus Bowen and daughter Lela.

Mr. and Mrs. Hubert Downs of Lewisville and Miss Ruth Sutton were the dinner guests of Mrs. Barbara Bates and family Sunday at their home in West Tenth street.

The Helping Hand Society of the Homer Christian church will meet with Mrs. William Adams at her home southwest of Homer Thursday afternoon. Every member is requested to be present.

Mr. and Mrs. John McCoy, Mrs. Eva Cressinger, Miss Katherine Shing of Indianapolis, Mrs. Ella Murphy and daughter Mary and Tom Saunders formed a motoring party Sunday and visited friends in Oldenburg.

The Ladies Aid Society of the Pleasant Ridge M. E. church will hold a business meeting in the parlors of the church Wednesday afternoon. All the members are urged to be present as officers will be elected at this time.

Miss Henrietta Coleman entertained with a dinner party Sunday at her home in East Sixth street. The guests were the Misses Genevieve Brown, Olive Traylor and Ruth Bozell of Indianapolis, all former Rushville school teachers.

The Pastor's Aid Society of the Main Street Christian church will meet Tuesday afternoon in the basement of the church at 2:30 o'clock. An interesting program has been prepared for this meeting and a large attendance is urged.

The Psi Iota Xi sorority will meet Tuesday evening at the home of Miss Gladys Titsworth in North Perkins street. At this time the first division will entertain the members of the second division with a pitch-in supper. All the members are requested to be present.

The W. W. T. class of the First Baptist church will hold their regular meeting Wednesday evening at the home of the Misses Mary and Mattie Bates in West Tenth street. All the members of the class are cordially invited and urged to attend this meeting.

Mrs. Virgil Henry and Mrs. Albert Sweet entertained with a Progressive Rook party last Friday evening at the home of the latter in Milroy, honoring Dr. and Mrs. Howard Thomas, who are moving to Gas City, for permanent residence. In the afternoon the ladies were entertained at five tables of cards and in the evening the husbands were guests and nine tables were in session. During the evening Mrs. Claude Crane entertained the guests with delightful music. Dainty refreshments carrying out the Easter color scheme of yellow and white, were served.

Relatives assisted Isaac Webb in celebrating the eighty-first anniversary of his birth, Saturday with a bountiful pitch-in dinner at his home just west of Rushville. Mr. Webb was born and reared in this county, where he is extensively known, and he is hale and hearty although past the four score mark. The dinner was served at noon, and the following guests were present: Mr. and Mrs. Guy Webb of Fountaintown, Mrs. Carl Webb and children of Morristown, Mr. and Mrs. Ertel Harecourt of Milroy, Mr. and Mrs. Rue Webb and Mr. and Mrs. Noah Webb of this city and Hugh Webb of Manila.

**TRIED UNDER THE LAZY HUSBAND ACT**  
Continued from Page One  
weeks ago. He was fined \$100 and costs, and his partner, Frank Gerrian, provided payment for his fine which totalled \$137. The two were found guilty of unlawful possession of whiskey, in connection with the finding of several quarts in Glenwood.

# FASHIONS THAT BESPEAK EASTER

## Exquisite Dresses

Betty Wales and Peggy Paige styles were never richer—never more metropolitan—than is revealed in our extensive showing. The fabrics are the newest, the choicest products of the loom. The colors are wonderful and the workmanship is such as only these makers produce.

¶ The values are unprecedented.  
\$15.00 gradually to \$75.00

## Sport Skirts

Sport fabrics of every description have been used in their making. Jaunty they are with their plain or frayed hems. So loud they speak, or more modest, at your discretion.

\$5.95 gradually to \$20.00

## O Boy!

We have not forgotten you. New shipments of boys' wash suits have just arrived, two-piece or Oliver Twist. New combinations of color are in evidence. Everyone guaranteed satisfactory. Size 2 to 8.

\$1.25 gradually to \$5.00

## Corsets

That is the first essential of a well-groomed figure. Permit our corsetiere to advise with you. Her corset knowledge is at your disposal. Beautiful new brassiers and bandeaus are here.

With a "new way" for each new costume, Fashion bids you participate in our Easter showing. There are draperies to replace straight lines—capas have adopted three lengths—and the three piece costume displays various new whims.

¶ Seldom has one season had so many attractions to offer—and this is true of prices as well as styles. They are surprisingly low on everything—from the least accessory to the most elaborate tailor.

## Attractive Suits

For every figure, from the slender to the stout, there is a diversity of styles to please. Twills, tricotines, homespuns, and velour checks are either severely tailored or contrived in the most elaborate fashion. The values are outstanding.

\$15.00 gradually to \$59.50.

## Appealing Wraps

Three distinct types—the jaunty sport coat, the full flowing cape, and the elaborate wrap of exquisite materials. The garments will speak for themselves and there are scores of models from which to choose.

\$9.50 gradually to \$75.00.

## The Mauzy Co.

The Easter Store

## Artistic Blouses

All the new luscious shades of the new season are employed in our presentation of crepe overblouses, elaborately embroidered and beaded. Tailored models too of crepe and pongee. Dainty tailored shirts of batiste and dimity, self or gingham trimmed.

\$1.00 gradually to \$25.00

## Beautiful Sweaters

This is truly the sweater store. A galaxy of models of both slipovers and tuxedos, in soft wool yarns or shimmering silk—all presenting the gayest hues. Many are trimmed with fringe. Some of the handsomest are hand-crocheted.

\$2.95 gradually to \$25.00

## For Our Girls

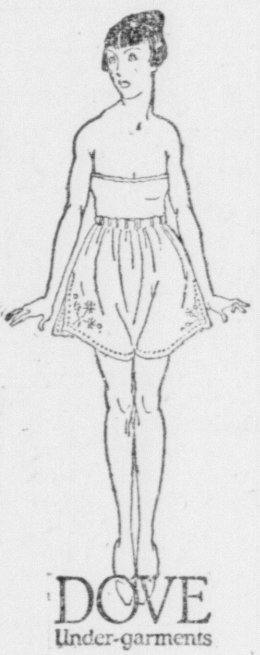

Pretty new creations of organdie and swiss, and such attractive models in higher colored ginghams. You, who are in the habit of making them, see these first. Sizes 2 to 16.

98c gradually to \$9.95

## Dainty

## Easter Shoes

By FRANK GETTY  
(U. P. Staff Correspondent)

New York, Apr. 10—Modern woman will cause the next world war.

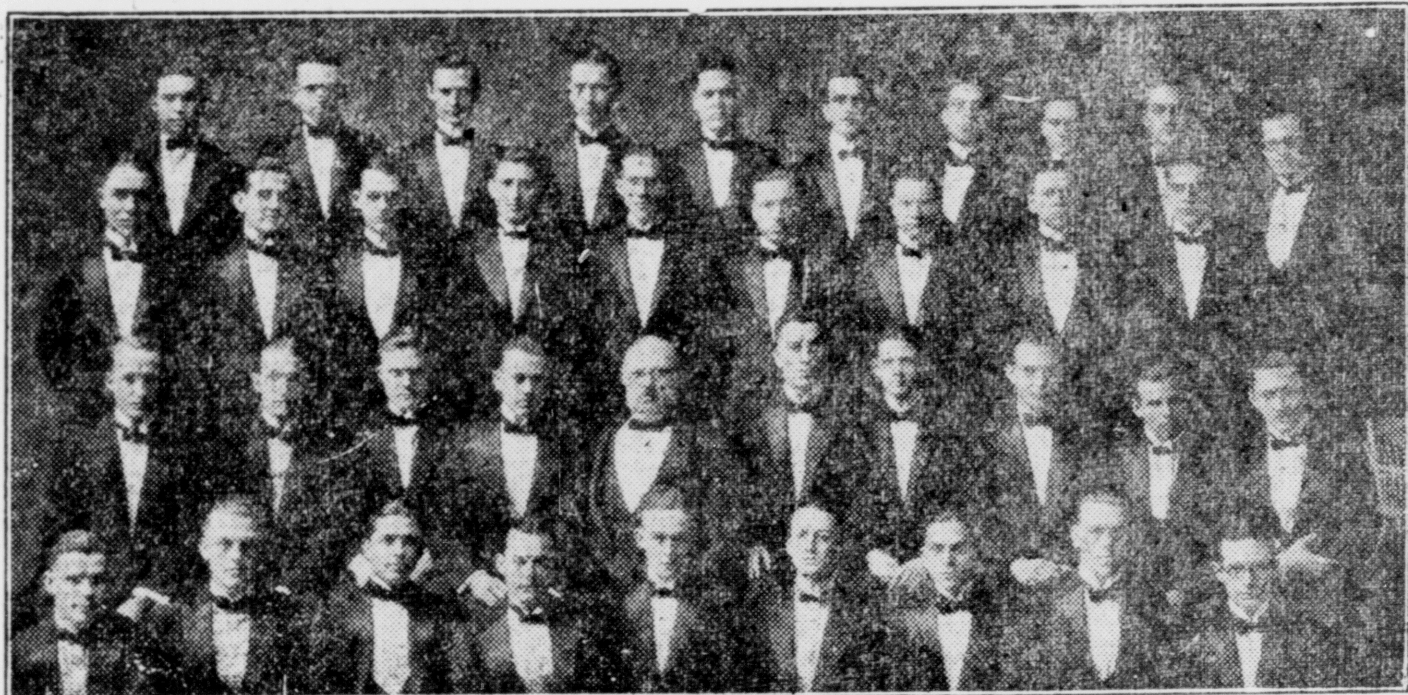

Dr. J. Frank Norris, "Texas Tornado" revivalist, today cut loose with a powerful blast against the foibles of American women.

"The cause of the next war struts up Fifth avenue today" Dr Norris said, "and her sister out on main street apes her.

"The flapper will bring about this country's downfall, just as surely as Delilah caused Sampson's. Every great war has been traced to the depravity of women, and they never

were as bad as they are today.

When a woman shows her knees you can see the finish. And that of the Nation as well. Girls think more of their eyelashes and 'nude' hosiery than they do of decency; home life is broken up; respect for law goes with it; wholesale iniquity follows; then—war.

"We cursed the Kaiser for starting the last war; but we 'pet' the cause of the next.

"Our statesmen are scrapping the battleships; they ought to be slapping the flappers. If I had my way, every girl under age would be in bed by nine o'clock at night.

"The modern girl is 100 times worse than the girl of the last century. And the country girl is just as bad as her city cousin. Once upon a time country girls were pure, but gasoline spoiled that. We have closed up our red light districts and put them on rubber tires.

"Women smoking are indecent. The spark from a woman's cigaret is going to touch off a conflagration that will destroy this country within fifty years.

"Jezebel was the worst woman in the world. She was the first 'queen of the shifters.' The last thing she did before she died was to paint her face and then the dogs ate her."

## FOR ALL BACKGROUNDS

If Mary has a little coat, made of light velours, no matter where our Mary goes the coat will be there sure. Anyway, it will fit in with any background, especially if it happens to be in a light color, as tan, gray, or beige and resembles the coat shown here. Note the ample lines in this model, its generous, flaring sleeves and large buttons. For ornament it has corded seams and silk-embroidered arrows and it is provided with a scarf-collar ending in a tassel.

New York—Wounded in the foot by a poison spear, brought from Africa, Ursula Gillis' life was saved when a former bushman, now a servant, sucked the wound and gave her tribal first aid.

"Come on, Alice, you know Mother said we are going to have Kellogg's Corn Flakes for lunch. And that's the kind I like to eat about a whole box of, because they ain't tough to eat! Come on an' hurry up!"

# Kellogg's Corn Flakes

are a taste thrill at meals or any time

That's because Kellogg's Corn Flakes are so deliciously flavored—the Kellogg flavor that is known all over the civilized world! You, as well as the little folks, can eat great bowlfuls of Kellogg's Corn Flakes day after day—and each sunny-brown, crispy, crunchy spoonful thrills the taste as though it was the first!

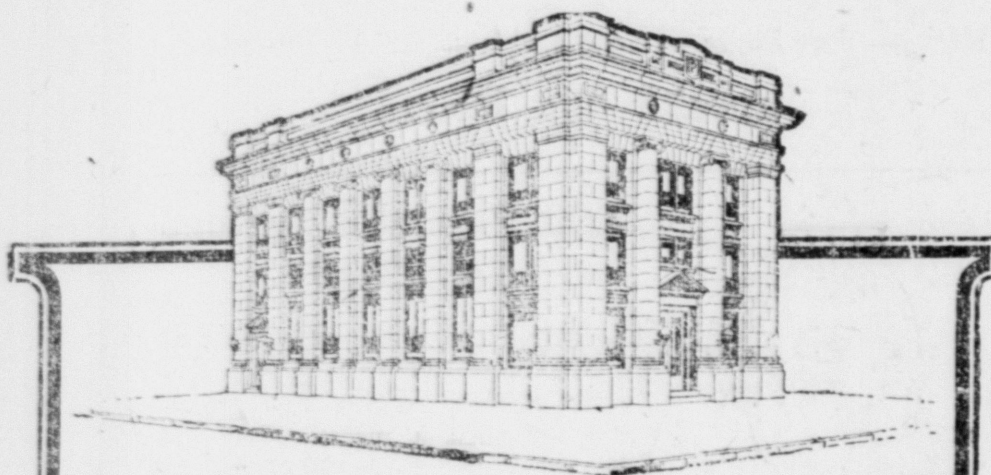

Put Kellogg's in comparison with imitation corn flakes! Kellogg's Corn Flakes are never tough or leathery or hard to eat! They are all-the-time crisp, all-the-time good! Don't miss such enjoyment!

Insist upon Kellogg's in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes! NONE ARE GENUINE WITHOUT IT!

# Kellogg's CORN FLAKES

Also makers of KELLOGG'S KRUMBLER and KELLOGG'S BRAN, cooked and krumbled

## BLACK SHEEP OF BIRD FAMILY IS PROTECTED

Crow Takes New Lease on Life When Lieber Refuses to Designate Day For Their Slaughter

### UNWISE TO EXTERMINATE THEM

(By United Press)  
Indianapolis, Ind., April 10.—The crow, black sheep of the bird family, took a new lease on life today.

Richard Lieber, head of the state department of conservation, refused to designate a day for their general slaughter, as requested by Shy Birley, old time hunter of Marion.

"From the corn consumed by these pesky creatures to the quail and other birds and eggs destroyed, forms a line of indictments against them which warrants a death sentence," Birley wrote.

E. W. Wilson, bureau chief of the U. S. Biological survey, has written Lieber asking that the conservation commission co-operate with the federal government in locating crows with bands tied around their leg which have been killed.

The biological survey, Wilson said, banded birds for the purpose of learning their life histories and economic values.

In the opinion of Lieber it is unwise to exterminate the crow entirely.

"Although we may underestimate the crow's economic value, it has some fixed position in nature's scheme for maintaining a fine balance," Lieber said.

## CANDIDATES CAN'T WRITE

Office Seekers in the Kosciusko County Primary

(By United Press)  
Warsaw, Ind., April 10.—At least two men who will be in the race for the nomination for public office at the primary election May 2 in Kosciusko county are unable to write. One of them who seeks the office of justice of the peace had his declaration of candidacy prepared by a present county officer. He admitted he could not write.

The other would-be county officer came to the clerk's office with his declaration properly made out excepting the signature. Unable to write he made his mark an "X" which he more or less skillfully executed.

## "Sundayitis"

Bluffton, Ind., April 10.—Every Monday is a blue Monday in the Bluffton high school.

Many pupils made Monday a day of rest and those who do attend usually are apathetic.

Prof. P. A. Allen, superintendent of the schools, characterized the disease as "Sundayitis."

"It may be attributed to several causes," he said, "overeating, exposure and loss of sleep."

Proceeding on the theory that the latter was the most general cause, he requested parents to keep their children home on Sunday nights.

## Mrs. A. Hapner

## Do You Have Pains or Backache?

Read What This Woman Says About It:

South Bend, Ind.—"Dr. Pierce's Favorite Prescription is the only medicine I ever found that gave me any relief. I was suffering for some time with inward weakness. Through this I became a nervous wreck and was so weak and 'all in' I could not do my work. I had backaches and pains in my sides. Neither the doctor's medicine nor any other seemed to touch my case or give me any relief. I at last decided to take Dr. Pierce's Favorite Prescription and from the first it seemed to give me new life. It completely relieved me of my weakness and improved my general health in every way."—Mrs. A. Hapner, 527 E. Monroe St.

Your health is the most valuable asset you have. You should write Dr. Pierce, Pres. Invalids' Hotel in Buffalo, N. Y., and receive free medical advice.

Scale Books for sale, price 65c. at The Daily Republican Office.

## Queer Turns In News

Youngstown, Ohio—Pet lovers here are jubilant. Mayor Oles announced he would give a bull dog to every man and a canary to every woman who finds a hole in the city paving.

Chicago—Miss Lillian Dollie recalled her invitations to her marriage to Bert Vanderburg. Bert is in jail and his present business will keep him occupied beyond the wedding date.

Chicago—Paul Beranek, prosecuting witness against Prince Rollins on swindle charges, was fined \$50 — a dollar a minute by Judge Caverly for being late for the trial. Rollins was freed.

St. Louis—"No more harm in a two-bit limit poker game than playing golf for 25 cents a hole; I enjoy both," yawned City Judge Mix, in dismissing gambling charges against seven men.

New York—The garter is back on Broadway. Spring styles call for dainty ones like grandma used to wear instead of the rolled fashion of yesteryear.

St. Louis—"Don't stop; keep right on tasting," yelled the barkers as 12,000 persons ate their way through the National Food show at the Coliseum here.

Brunersburg, Ohio—Losers in a rat hunt here are peeved. They had to banquet the winners. Now, they charge, the winners robbed "rat cemeteries" of other towns to boost their score.

## Used Goods For Sale

# THE SAFE WAY

Have your car examined or overhauled before beginning its regular spring and summer use.

Cars get more or less out of order during the severe winter weather, and do not work as perfectly as they should. This additional wear and strain of the affected parts means increased expense to you if allowed to continue.

Failure to correct these defects has caused the wrecking of many cars. We are fully equipped to take care of any car.

UNIVERSITY ALUMNI  
TO ATTEND BIG REVUE

Former Students to Turn Out En Masse For Musical Show at Murat Tuesday Evening

KATHERINE WYATT IN CAST

Bloomington, Ind., April 10.—Miss Katherine Wyatt, of Rushville, will appear at the Murat Theatre, Indianapolis, next Tuesday evening, in the cast of "The Jordan River Revue," a musical comedy by students of Indiana University which was presented before a large and enthusiastic audience here last month.

The play is a rollicking musical production, typical of the American college spirit, and is attracting wide interest among the many alumni and friends of the State University in the capital city. More than a thousand alumni and hundreds of former students of Indiana University reside in Indianapolis and indications are that they will turn out en masse for the play in which the Rushville student will take part. A large section of seats has been reserved for alumni.

That the play will be the occasion for a distinguished social gathering is indicated by the large number of prominent Indianapolis people who hold box seats for the engagement. Among them are Governor and Mrs. Warren T. McCray and Miss Lucile McCray; Ex-Governor Samuel M. Ralston and Mrs. Ralston; Dr. Robert J. Ale, president of Butler College and Mrs. Ale; James W. Fesler, president of the board of trustees of Indiana University, and Mrs. Fesler; U. S. Murtrie, president of the Indiana University alumni association, and Mrs. Murtrie; Dick Miller, president of the City Trust Company, Indianapolis, and Mrs. Miller; Mr. and Mrs. Willis N. Coval; Dr. Carleton B. McCulloch; Mr. and Mrs. Frank D. Hatfield, Mr. and Mrs. P. Helm and Mr. and Mrs. Albert Stump.

## Fellowship of Prayer

A daily Lenten Bible reading and meditation prepared by the Commission on Evangelism of the Federal Council of Churches for the use of the churches and individuals.

Monday—The Crucial Test of Leaders.

The stone which the builders rejected, the same was made the head of the corner, St. Luke 20:17. Read St. Luke 19:47-48.

"Every Christian truth, gracious and comfortable, has a corresponding obligation, searching and sacrificial."

Meditation: I am the architect of a life. What am I making its cornerstone?

Prayer: (For all in responsible positions in state and church.) O thou Father of Jesus Christ, we bless Thee for the Matchless One, and for His victorious life and death. May no shallowness or hypocrisy vitiate our allegiance to Him. Save us, we beseech Thee, from choosing any other foundation for our lives. If there are Gethsemanes and Calvaries for us to brave, may His spirit not fail us in the testing; and grant us the joy of the Easter song of life that defies death, now and always. Fulfill our desires, we entreat Thee, through the crucified and risen Lord. Amen.

Hymn:  
Lord, Thou hast searched me and seen me through;  
Thine eye commands with piercing view  
My rising and resting hours,  
My heart and flesh, with all their powers.

## FOUR ADDITIONS SUNDAY

Pre-Easter Week Services Begin at Main Street Christian Church

The Pre-Easter week services at the Main Street Christian church started yesterday morning with 456 in the Bible school, and large audiences at both the morning and evening hours. At the evening service the orchestra rendered a very fine musical program, and Mrs. Charles Offutt sang "The Palms" with full orchestra accompaniment. There were four additions to the church during the day.

This evening the song service will begin at 7:30 with Homer Cole as leader. Lloyd Nelson will sing a solo. The pastor will speak on "Saving Self."

New York—Landlords are not to blame for banana peels and slipper soap whether anybody slips on 'em or not, the court ruled.

## HOLDUP MAN GIVES BACK THE 50 CENTS

After Dragging Mrs. Eugene Vanwinkle Down Alley, Highwayman Returns The Money

LEARNS SHE WAS MARRIED

Threatens Her With Gun. But Fails to Take Purse Containing More Than \$20—Escapes

After making good on a hold-up Saturday night about 8 o'clock, when Mrs. Eugene Vanwinkle of Anderson was assailed at an alley between Morgan and Harrison streets, in West Fifth street, by a highwayman, he handed back to his victim the money he had secured, and made his escape down the alley.

According to the story, Mrs. Vanwinkle, who is visiting her mother, Mrs. John Sparks, 528 North Arthur street, was enroute down town, and when reaching the alley at the rear of the residence of B. P. Miller, 501 North Morgan street, a man halted her, and placed his hand over her mouth, and dragged her back into the alley.

He flashed a revolver and told her to keep quiet or he would shoot. He said that his home was in Muncie and that he needed money to reach his destination. Mrs. Vanwinkle asked him to be merciful, fearing that she would be injured, and wanted to know how much money he needed.

It is reported that he said that fifty cents would help him, and she pulled out her pocketbook, which contained more than \$20 in paper and silver money, but she handed him the 50 cents, which he dropped into his pocket.

When the money dropped, it hit some other change that caused a jingle. The highwayman questioned his captive, asking her if she was married or single. She replied that she was married, and then for some reason or other the man reached down in his pocket and to the great surprise of the excited woman, gave back the fifty cents.

With a word of warning that she was not to scream, or leave until he had gone out of sight, he made a dash up the alley north, and then Mrs. Vanwinkle ran down town and told some friends what had happened.

The police were not notified, and knew nothing of the affair until too late to do anything.

Mrs. Vanwinkle stated that the man was well dressed, but was a stranger to her. He came down Harrison street and proceeded her to the alley, when he stopped, presumably to light a cigar, and then he grabbed her as she passed. Mrs. Vanwinkle was formerly Ruby Sparks. Her assailant handled her roughly and her arms were badly scratched during their scuffle.

## COLD WEATHER IS FORECAST TUESDAY

With Mercury Above Eighty Degrees Today, Decided Drop is Expected to Come Overnight

RIVER OUT OF ITS BANKS

With the mercury rising above 80 degrees today, thunderstorms and colder weather are predicted for tonight and Tuesday.

Folks who have not yet gone to the "lights" may defer the step for the time being because the weather men insist that winter has not departed from among us yet.

With much more rain, a flood of some proportions may be expected, because Flatrock is out of its banks again and flooding the lowlands. The old ball park in South Main street is covered with water and pastureland on the Boyd farm, south of the river was also converted into a lake by heavy rains of the last few days.

Persons driving to Indianapolis Sunday reported that the river was running across the road west of Morristown, and fishermen who were out Sunday, say that the river was running across the road northeast of Rushville.

## HOME AND FOREIGN SOCIETIES TO MEET

Women's Organizations of White-water Presbytery to Gather at First Presbyterian Church

TWO MISSIONARIES TO SPEAK

The forty-sixth annual meeting of the Woman's Home and Foreign Missionary societies of the White-water presbytery will open at the First Presbyterian church here Tuesday afternoon at 2:30 o'clock and will continue until Wednesday evening. Delegates and other members from the twenty-two societies in southeastern Indiana will be present. Fifty or more visitors are expected. All sessions will be open and anyone interested is cordially invited to attend.

The principal speakers on the program will be Miss Marie Preston of New York City, a former missionary and at present field secretary of the Woman's Home Board, and the Rev. Howard Campbell, a missionary from Chienmai, Siam.

The closing session on Wednesday evening will be devoted to a discussion of young peoples work, the feature of which will be a pageant given by the young people of the First Presbyterian church. Miss Anna Stearns of College Corner, formerly of this city, who is secretary of young peoples' work in the presbytery, will preside and lead the round table discussion on the opportunities for work among the young people.

## GOVERNMENT TO QUASH CHARGES?

Attorney General Harry M. Daugherty Arrives in Indianapolis Today to Start Action

FIRST STEP TO END STRIKE

Mine Operators Refused to Enter Wage Conferences Because of Charges Before Anderson

(By United Press)

Indianapolis, Ind., Apr. 10.—Attorney Harry M. Daugherty invaded the center of union activities in the nation wide coal strike today, presumably to take up the government's first concrete action toward ending the suspension.

The attorney general was understood to be preparing a motion to quash the government's conspiracy charges against 226 coal mine workers and union officials returned by a federal grand jury under the Sherman anti-trust law in the spring of 1920.

Mine operators in refusing to enter interstate wage negotiations with union representatives give as their reason the pending charges which were aimed at collective bargaining as practiced in the wage scale conferences. They declared the nature of the indictments prohibited such conferences as provided by the scale expiring April 1.

Prosecution of the government's case has been declared while operators and union officials living outside Indiana fought legal proceedings, seeking to remove the jurisdiction of Judge Anderson's court here.

President John L. Lewis of the United Mine Workers at headquarters here directing the strike, declared he knew nothing of Daugherty's intentions. Both he and the miners' legal counsel denied that they even knew the trip had been planned. Besides striking at collective bargaining, the indictment also sought to abolish the check-off system used in the majority of the union coal fields under which the operators deducted union dues from the miners' pay.

Judge A. B. Anderson of the United States district court, who granted an injunction under the Lever law and stopped the coal strike in November 1919, refused to divulge the purpose of the attorney general's mysterious trip to headquarters city of the miners union.

## ARMLEADERS ARE BOUGHT BY BOARD

Commissioners Award Contract For Two 3½ Ton Motor Trucks to Cincinnati Company

THEY WERE LOWEST BIDDERS

With Two New Trucks and Ditcher, County Highway Department Is Well Equipped Now

The Rush county board of commissioners awarded the contract for two motor trucks of three and one-half ton capacity to J. Armleader and company of Cincinnati late Saturday afternoon. The contract price for the two trucks is \$6,972.70, P. O. B. Rushville.

This was the lowest bid on trucks of this capacity and it was the only bid which included the freight to Rushville. There was a bid of \$6,400 for two trucks, submitted by the Deliance Truck company, but they were only two ton trucks, whereas the commissioners asked for bids on three and one-half ton trucks. The Armleader truck is fully equipped and the commissioners believe that it will fully meet the local requirements.

The county already owns one truck which is being used in maintaining the roads, and with the additional equipment added, which includes a ditcher besides the two new trucks coming, it is believed that the highway department will be well fitted out for taking care of the county roads.

The ditcher was recently purchased by the county commissioners and has been in use for a week. It was tried out first on the road between here and Glenwood and found to work satisfactorily. The large steam roller owned by the county supplies the power for drawing the ditcher, which works the same as a road scraper and cleans out the side ditches along the roads so that the surface will drain quickly after a hard rain and water will not stand on the roads and wear holes in them.

When the two new trucks arrive, one will be stationed at Milroy, one at Rushville and the truck now in use will be located at Mays. In this way the county highway superintendent will be able to divide up the work so that so much time will not be consumed in traveling from one section of the county to another to make road repairs.

Just now the highway department is engaged in repairing a stretch of road running from Glenwood three miles west. The road has been full of holes for two or three years and all attempts to patch it have been of no avail. It was formerly a macadam road on which was applied a coat of some sort of tar binder.

The road is being spiked and torn up and then will be rolled with the steam roller. At the same time the side ditches will be cleaned out and deepened so that the road will drain properly.

## WITHDRAWS FROM THE RACE

Cyrus H. Willey Only Candidate to Ask Name Be Left Off Ballot

Cyrus H. Willey, a democratic candidate for trustee of Walker township, late Saturday afternoon filed his notice of withdrawal from the primary race, and of all the candidates who filed for the primary, he is the only one who withdrew. There was some doubt expressed as to whether or not his petition would be accepted as it was received a day late. The final limit for candidates to withdraw was on Friday, or as provided by law, 25 days before the election. The election commissioners will take the matter up, and may authorize his name stricken from the ballot.

In case his withdrawal is accepted there remains two other candidates on the democratic ticket for the same office, James Robinson and William Webster.

## TRAIN, 3 MACHINES FIGURE IN MISHAPS

Two Fords Collide at Eighth and Main Streets Sunday Evening, Occupants Escaping Injuries

ONE MACHINE TURNS OVER

M. J. Mascari's Truck Is Driven Down 20-Foot Embankment to Avoid Running Into Train

A train and three automobiles figured in two automobile accidents Sunday, in which the occupants all escaped without serious injuries in a most remarkable manner. One accident happened in Rushville at the corner of Eighth and Main streets, and the other happened at Hawthorne, near Indianapolis, in which a Rushville truck was badly damaged.

The accident in Rushville occurred at six o'clock Sunday night, when a machine driven by a man named Stevens, crashed into a machine owned and driven by a man named Walker, in which the latter's machine was turned over, and two men, a woman and an eight-months-old baby escaped.

A truck owned by M. J. Mascari, commission merchant of this city, which was driven by Ray Dye, in company with three others, took the ditch at Hawthorne, when a collision with a freight train, could not be averted, and the truck went down a twenty-foot grade without turning over and causing serious injuries.

The two machines which collided in Rushville were both Ford touring cars. Stevens is said to reside in the northwestern part of the city, and was going east in Eighth street, ready to turn south in Main. The Walker machine was going south and crossed Eighth street, when struck in the rear by the Stevens machine, and it was hurled around, landing on its side.

The jar caused the car to be turned completely around. Mr. Walker was accompanied by his wife, his brother and his baby. The car was securely fastened with side curtains and all four occupants had to remain with the car until rescuers reached the scene.

In the rear seat were 12 quart bottles of maple syrup, a baby carriage, bed clothing and a trunk. The people were moving from Knightstown to Piercesville, east of Osgood. Only two jars of the syrup were broken, but the baby carriage was smashed in the wreckage.

The automobile was not damaged except the top and an inner tube in one of the tires. The Stevens machine halted when it struck the machine, receiving a broken axle and other damages, which put the engine out of commission.

The crash was heard for squares, and a large crowd soon collected. It was considered fortunate that the overturned machine did not catch fire because the four occupants were closely pinned in the wreckage and their rescue would have been doubtful.

The Mascari truck left Rushville early Sunday morning, shortly after midnight, in charge of Ray Dye, and other occupants were Victor Moore, Melvin Wright and Clarence Driver. Continued on Page Five

## HORSES IN A WILD DASH

Furniture Belonging to James Wright Is Damaged

A team of horses hitched to a large load of household furniture, made a wild dash up Sexton street this morning, from the home of James Wright, 814 North Sexton, and a quantity of the furniture was jolted off as the team went wild over the streets. It is not known what frightened the team, but they ran before they were caught. At almost every bump a chair or some article would fall off, and the kitchen cabinet was damaged beyond repair.

Mr. Wright is moving from that residence to the Abercrombie farm, north of Rushville.

## COUNTRY HOME IS BURNED TO GROUND

Fire Starting From Defective Flue Destroys Welcome Aiken's House Northeast of City.

PART OF CONTENTS IS SAVED

The farm residence of Welcome Aikens, located five miles north of Rushville, on the Ft. Wayne road, was destroyed by fire at noon today, when a defective flue in the kitchen is believed to have started the blaze. The dwelling was two stories and the fire gained rapid headway before it was discovered.

A portion of the household goods was saved from the downstairs, but the contents upstairs were destroyed. The fire was held to the house, as the large barn across the road was saved.

The loss could not be estimated today, and it was not learned whether insurance was carried or not.

Farmers came from many miles around, being attracted by the flames, and formed a bucket brigade in an effort to save the house, but the fire had such a good start that it could not be checked.

## MUNHALL REVIVAL IS IN SECOND WEEK

Largest Audience Present Sunday Night to Hear Sermon "The Bible a Spiritual Revelation"

TROUBLE WITH CRITICS

In Literary and Historical Tests, They Reduce Bible to the Level of Other Books

The Munhall revival meetings at St. Paul's M. E. church entered upon their second week Sunday under most favorable circumstances. The exceptionally fine weather helped to bring out large numbers with everybody cheerful, attentive and responsive to the message of life and hope.

A magnificent audience was present at night, the largest yet. The Rev. Mr. Black conducted the service. Dr. Munhall's subject was "The Bible a Spiritual Revelation." He called attention to the facts that God is a Spirit and man is spiritually dead, therefore the teaching of Jesus was enigmatical and He Himself an enigma.

"His hearers could not understand Him; it is so today," the evangelist continued. "The mind of the natural man is annuity against God; it is not subject to Him, neither indeed can it be. Renan, the great French infidel, once said 'The fundamental postulate of higher criticism is a denial of the supernatural; and there lies the trouble with the critics. They, by their so-called literary and historical tests have reduced the Bible to the level of other books; and while they are scholarly in the care of the schools; they get things wrong for things spiritual cannot be explained by things natural.'"

The doctor supported his confessions by numerous scriptural citations, concluding with 1 Cor. 2nd chapter.

The 10:30 a. m. service was exceptionally interesting and profitable. The large chorus under the direction of O. P. Wamsley rendered, beautifully, several selections. Then the pastor, Rev. C. S. Black, sang a part of "The Psalms" artistically and impressively. Dr. Munhall's sermon was on the "Witness of the Spirit." He said Methodism was a protest against the ritualism and formalism of the church of England and special emphasis was laid upon experimental religion, including sanctification and the witness of the Spirit; but of late years these doctrines are not often preached by the regular ministry, especially the Witness of the Spirit not withstanding they are scriptural and important. The preacher then showed by the bible that the witness of the spirit was the revelation. He made of Jesus to the be-

## TRIED UNDER THE LAZY HUSBAND ACT

Case of State Against Ernest Teeters on Trial in Circuit Court Before Jury

PENALTIES ON CONVICTION

Relatives Send Word They Will Pay Fine of Leonard Ellsbury, Convicted on Liquor Charge

Ernest Teeters was on trial today in the circuit court, charged under the lazy husband act of failing to support his wife and child, and the case was given over to the jury about 2:30. Several witnesses were used by the state and defense, and the case was put through without much delay in securing a jury.

Under the statute upon which the case is based, the jury may impose a fine of not more than \$500 to which may be added a jail sentence of not more than six months, in case the defendant is found guilty.

Teeters was arrested last week and placed in jail, being unable to provide the bond. The prosecution was brought by his wife Muriel Teeters, a daughter of Otto Floyd, 718 East Eighth street, the grand jury having indicted him when they held their session a couple of weeks ago.

Mrs. Teeters, when testifying this morning, stated that her husband had failed to provide since last August. She itemized the number of places where they had lived since their marriage in June 1920, and the last place where they resided together was in East Seventh street, in a house owned by John Moore, colored, who is said to have started ejectment proceedings for non-payment of rent.

The defense attempted to show the jury that in August, last year, when the couple was residing on the Frank Warriek farm, that Teeters underwent an operation for appendicitis, and that his physical condition did not warrant any hard labor, and that his failure to support could not be helped.

A new suit was filed in the circuit court in which the American Security company is plaintiff and Capp Miller and Delaney M. Miller are defendants. The action is to collect judgment on a note and \$1,925 is demanded.

Commitment papers on Leonard Ellsbury to serve out a sentence at the State Penitentiary have been prepared, but word yesterday from relatives stated that they would be in today and make the necessary payment of a fine which was assessed against him by a jury about two weeks ago.

## COLORED PEOPLE MEET AT CARTHAGE

Go on Record as Being Against Any Acts, Such as Occurrence Here, Which Discredits Race

NEXT SESSION IN THIS CITY

The two hundred members of the National Association for the Advancement of Colored People, of Rush Co., held their regular meeting Sunday in the Christian church at Carthage, and went on record as being against any acts or assaults by their people, which has a tendency to discredit their race.

The matter was brought up following the citing of a Rushville incident on last Thursday night, when a colored man is alleged to have caused a disturbance in a theater here. He is said to have been jealous of a girl, and attacked her, because she was in company with another man. The girl is said to have been a first cousin of the alleged attacker.

The county organization of colored people will make an attempt to prevent any outbreak among their people, because they say that it reflects upon the entire race, and places them in a peculiar situation. They want it understood that they do not sanction such conduct.

The association meets twice a month, alternating between Rushville and Carthage.

## FIVE NEW MEMBERS ADDED

### Rush County Horse Thief Detective Association Meets

Five new members were added to the Rush County Horse Thief Detective association in the meeting in the commissioners room in the court house Saturday afternoon. About thirty members were present for the meeting.

The new members were initiated as follows: Alfonso Nelson of Gings, W. A. Young of this city, L. H. Weaver of Anderson, J. Hooker Wilson of Ripley township and William T. Hufferd of Arlington.

Another county meeting of the association will be held in a few months, according to present plans, at which wives of members will be entertained.

## ANNOUNCE ESSAY CONTEST BY RADIO

Voices in Air Offer Opportunity to High School Pupils Writing Best Essay on Good Roads

### NOVEL AND UNUSUAL METHOD

Terms of National Competition to Students in Frozen North Cabled by Alaska Commissioner

Radio announcement of the national essay contest on good roads for a four years university scholarship offered through the Highway and Highway Transport Education Committee, has been made by the United States Post Office Department in behalf of the thousands of boys and girls who expect to participate, and in the interest of good roads generally.

Picked out of the air by thousands of receiving stations, the announcement constituted virtually the first time this novel and unusual method has been employed to reach the people of the nation with a problem of universal concern. In itself the announcement marks an era in utilization of this means of communication as important in its way as the sensible and adequate development of the highways of the country.

Dictated by an operator in the tower of the sending station in Washington, the terms of the contest, suggestions and other information, were heard plainly in many thousands of homes and offices where wireless apparatus is installed, connected with the Capitol only by the ether waves which link the remotest section of the country with affairs of metropolitan life.

Friends and neighbors, told in advance of the forthcoming announcement, gathered in the privacy of homes, learned that all pupils of high school grade are eligible to try for a four years university scholarship by writing an essay on the subject "How Good Roads Are Developing My Community." Essays, said the voices out of the air, should not exceed 700 words in length and should be handed high school principals or teachers not later than May 1 of this year. Students were urged to depend largely upon their own observation for information, and it was said contestants are placed on their honor to submit only original papers.

High School principals and teachers, who will receive the essays, will in turn submit the best three of those written in their schools to a designated educational institution, within the respective states, cooperating with the committee in the conduct of the contest. Further information, if desired should be sought of the Highway and Highway Transport Education Committee, Willard Building, Washington, D. C., it was said. Dr. John J. Tigert, United States Commissioner of Education, is the chairman of the committee.

Not only is this newest method of communication being employed to encourage boys and girls to undertake the study of economic problems which lie closest home, but educational authorities in the territories and outlying possessions of the United States, realizing the handicaps of time and distance under which their students labor, have utilized advanced modes of making the conditions known to their pupils.

The contest was announced to high school students of Alaska by cable. Writing to the committee in Washington, Dr. Lester D. Henderson, Commissioner of Education for Alaska, says:

"Upon receipt of your letter, we immediately forwarded the information it contained to all Alaska schools in which high school students are enrolled, reaching the more remote schools by cable in order that there might not be unnecessary delay."

The national prize, a four year's university scholarship providing tuition and all reasonable expenses of the successful contestant, is offered by H. S. Firestone, Akron, O., a member of the committee. It is being supplemented in many states by secondary prizes offered by universities, civic organizations, and others interested in furthering highway improvement.

—Frank Harkins of Anderson was the week-end guest of his mother, Mrs. L. E. Brown.

—Mr. and Mrs. George Whitman and daughter visited relatives in Lewisville, Ind., Sunday.

—Mrs. Wilson T. Jackson and Mrs. John Moore spent today in Indianapolis on business.

—The Misses Irene and Lucile Geraghty spent Sunday afternoon in Indianapolis on business.

—Earl Ridout of Indianapolis spent Sunday here as the guest of Mr. and Mrs. Omer Trobaugh.

—Miss Mildred Wolters and Ralph Lemons visited friends in Knightstown Sunday evening.

—Mr. and Mrs. Will Boylen of Anderson spent Sunday in this city the guests of Mrs. Ella Worsham.

—Mrs. Taylor, the pianist at the Princess theatre, spent the week-end in Shelbyville, the guest of relatives.

—Miss Anna Jones of Alquina spent the week-end as the guest of Mr. and Mrs. P. P. Armstrong of Orange.

—Mr. and Mrs. Frank Mullins motored to Indianapolis Sunday afternoon and spent the afternoon with friends.

—Miss Vivian Cunn has returned from Comersville where she spent the week-end as the guest of her grandparents.

—Mr. and Mrs. Ross Hall of Richmond, Ind., were the guests of Mrs. Lola Cummings of Falmouth Sunday evening.

—Robert Helm Woodward of Covington, Ky., is spending the week in this city, the guest of Mr. and Mrs. J. H. Frazee.

—Lawrence Jackman, Robert Conway, Eugene Kelley and Russel Gray motored to Knightstown Sunday evening and visited friends.

—John Kelley who is attending school in Milwaukee, Wisconsin, is spending a few days in this city the guest of his father, E. M. Kelley.

—Mrs. Minnie Shehan, who is employed as a trimmer at the Dixon Millinery shop, spent the week-end in Columbus, Ind., the guest of friends.

—Mrs. May Warner has returned to her home in Elwood, Ind., after spending the past week as the guest of Mr. and Mrs. Alfred Collier of Fairview.

—Harold Titsworth and John Davis have returned to Richmond, Ind., to resume their studies in Earlham College after spending the past week in this city, the guests of their parents.

—Mrs. Rachel Jones of Chicago is visiting her sister, Mrs. Sarah Galtie and Mrs. Theodore Friend, and other relatives, having come to attend the birthday celebration of Mrs. Susan Tingley.

AMUSEMENTS

Filipino Band at Princess

The first three days this week an added attraction will be presented at the Princess, in the Filipino band, consisting of seven natives from the Philippines who will entertain with musical numbers, solos, quartets, dancing and several entertaining features. Senora Cleo is a famous dancer, who also will appear with the musicians. Domingo, head of the organization, is reputed to be the best violinist on the island and this feature alone will prove to be a good attraction.

In connection with the vaudeville, Marie Provost will appear in a motion picture, "Don't Get Personal," on Monday and Tuesday, and a complete change of program will be given on Wednesday.

Feature Comedy at Mystic

You'll say that "The Mysterious Rider," Benjamin B. Hampton's great photoplay of the Zane Grey novel, made for Hodgkinson release, is thrills and suspense and romance from beginning to end—after seeing it at the Mystic today and Tuesday theatre. But in addition to that, you will have to admit that it is replete with the funniest situations, and contains some of the funniest characters that you ever saw. Not even excepting regular comedy photoplays!

Frank Hayes is one of the very funniest. Opposite him is another renowned fun maker, Aggie Herring. Mr. Hayes is a ranch hand and Miss Herring is the ranch cook in "The Mysterious Rider." A lot of the fun that actually happened while the picture was being filmed is reflected in this comedy element, but just so the spectator doesn't miss anything, he must be told the April fool joke that the other ranch hands of the picture played on Frank Hayes.

In several scenes, Mr. Hayes is shown chewing tobacco. On April first, when the practical jokes were coming fast and furious, he had a scene to do in which the script says he is to "bite off a chew and roll it in his mouth reflectively." For this his kindly fellow-workers provided him an imitation plug in place of the real one. When he went to bite off his chew before the camera, he found himself gnawing a piece of brown leather that couldn't be bitten through.

FLATTERING MILLINERY

Three styles, characteristic of the season, are shown here. At the top a hat of bright blue braid, piped with satin, has a beehive crown and a narrow satin-covered brim. It is trimmed with cherries primly set about the crown in clusters and bunched at the right side. A brilliant all-black hat, suited to older wearers, has a glittering fabric over its upturned brim and sprays of feathers at each side. The youthful hat at the bottom, employs ribbon and flowers to trim a shape covered with a novelty material. This hat is shown in several colors with little springtime blossoms massed against the upward-rolling brim.

DEFIES RUSS DELEGATION

Lloyd George Defies Them to Accept Allied Conditions or Withdraw

St. George's Palace, Genoa, Italy, April 10.—David Lloyd George today challenged the Russian delegation to accept allied conditions as a basis for its presence at the Genoa economic conference or withdraw.

In a speech which drew applause from the 157 delegates representing 34 nations gathered in the Council Hall for the opening session of the most impressive international conference since the Versailles, the British premier declared the program for the parley was the program laid down at Cannes, France, by the supreme council.

PLAN ONSLAUGHT ON RUM RUNNERS

Uncle Sam's Determination to Throttle Runners System Started Conference of Dry Chiefs

PICKETS GIVE INFORMATION

Spies Stationed at Points of Vantage Tip Off Movements of The Enemy

(By United Press) Washington, Apr. 10.—Uncle Sam's determination to throttle the rum runners system started immediately at a conference with prohibition chiefs it was learned today. This war council composed of Commissioner Roy A. Haines, who has lined up the forces on the Canadian border, Colonel L. G. Nutt, who is returning from his mobilization of the Florida army, and E. C. Yellowley, who recently reorganized the forces on the Mexican frontier will assemble Thursday or Friday to draw up the final plans for a simultaneous onslaught on rum runners via sea and land.

Pickets have been stationed all along the line from Havana to Montreal to San Diego to El Paso gathering information from the "enemy" to be used when the new big battle begins.

The Florida division has been reinforced with thirty men who will co-operate with the naval forces—a flotilla of sub chasers now cruising in southern waters awaiting the final command for a snuffing clean up. Colonel Nutt has stationed "spies" in Havana, Nassau and other points of vantage. They are to "tip off" the Florida commission of sea, land and air forces—one airplane is now being used at this point on the movements of the enemy.

The army now numbers more than 1,200 men with probably 500 available for border duty. The "intelli-

gence bureaus" now are gathering this data in preparation for the simultaneous movement of all forces.

MUNHALL REVIVAL IS IN SECOND WEEK

Continued from Page One

liever of all His ministries, the fruit of which is love, joy, peace, long suffering, gentleness, meekness, goodness, faith, temperance, patience, courage and knowledge. A delegation was present from Knightstown.

Dr. Munhall also addressed the Sunday school at the regular session in the morning, urging the young people to accept Christ as their personal Saviour and dedicate their lives to His service. A number responded to the appeal and the service was most impressive. An opportunity to unite with the church will be extended the first Sunday morning in May when it is expected a large class will be received into the fellowship of the church.

This evening at 7:30 Dr. Munhall will preach on "Hell." This sermon will be followed with another on Tuesday evening on the subject "Heaven." The announcement of these topics has aroused a keen interest and large audiences to hear these sermons are anticipated.

WE CAN, IF WE WILL

"WE CAN HAVE PROSPERITY AGAIN IF WE ARE WILLING TO WORK HARD FOR IT."—Rotary Club Bill Board Slogan.

SPECULATING IN STOCK MARKETS

Public Shows Renewed Buying With in Last Few Weeks and Daily New High Records Are Made

PRICE TREND IS UPWARD

New York Offices Are Crowded and Confidence in the Business Outlook Appears From All Sides

By R. L. BARNUM (U. P. Staff Correspondent)

New York, Apr. 10.—For the first time in more than two years the big outside public speculating in the stock market on the long side. That is the meaning of the million share days now being witnessed, with prices daily making new high records for the year.

From November, 1919, until last June, the price trend of the market was downward, discounting world wide trade reaction.

Since last August the price trend has been upward, discounting a revival in business.

It is only recently however, that the public has regained enough confidence in the business outlook to again taken the long side of the market.

Only a few months or even weeks ago stock brokers were receiving no inquiries from the speculating public. Suggestions voluntarily made as to the prospects of this or that stock advancing were ignored.

With the prices of stocks continuing to advance on the unexpected recovery that started early this year in farm products values, the public began to nibble in the stock market by voluntarily telephoning inquiries.

Today the New York public is not satisfied with telephone contact with the stock market. Customers rooms of brokers offices are now crowded

as they have not been since the long decline in prices began nearly two and a half years ago.

When the stock market was still boiling in 1919 with prices at the top the loans of Wall Street brokerage houses reached a new high peak of \$1,750, 000,000. With the long liquidation that followed this figure which accurately measures the interest of the big outside public in the stock market, dropped in July 1921 to \$500,000,000.

A month ago, brokers loans here in the street were estimated at \$750, 000,000. On all sides it is said those loans are now increasing rapidly.

One large commission house here with a number of out of town wires report it is doing over 100,000 shares a day. Another with a large western following says it received over one wire alone 450 separate buying orders mostly in odd lots.

STATED MEETING

Phoenix Lodge No. 62 F. & A. M. will hold their regular stated meeting Tuesday evening beginning at 7:30.

RED CROSS DEGREE

Rushville Commandery No. 49 K. T. will confer the Red Cross degree upon two candidates Wednesday beginning promptly at 7:30.

New York—The sun's rays, reflected from a mirror in a hardware shop, focussed on an umbrella on a window display across the street and started a fire.

Evanston, Ills. — "Moonshine" murmured Constable Henry Witt when he saw Edward Pulitzer doing the "shimmy" in a court room. The constable investigated and found two kittens had crawled up Pulitzer's pants legs.

Red Lion, Pa.—A pet hen which lays its daily egg on the kitchen table is said to exist at the farm of Charles Laucks.

## Spring is Planting Time

Rushville is regarded as one of the most beautiful cities for its size to be found any place. The well kept lawns, the artistic shrubbery and most essential of all, the beautiful shade trees, all add to the beauty of the city.

We have these things to which we point with considerable pride because somebody, many years ago, had the idea that in order to make a community attractive, it should appeal to the eye. So our fore-

## KIDNEY TROUBLES

## Conquered or Money Back

For 40 years, says Dr. Carey, I have been prescribing Marsh-Roof for Kidney and Bladder sickness on the money back if dissatisfied plan.

If you are tired, miserable, tortured with nagging backache, lameness, aching pains; subject to dizziness, headaches, sallow skin, puffiness under your eyes; a tendency to rheumatic pains, and Bladder disorders, look to your Kidneys. Don't delay. Get your health back while you can. Drink lots of good, pure water and start at once taking Dr. Carey's Marsh-Roof Prescription No. 777. Liquid or Tablets. It has wonderfully benefitted tens of thousands. Results guaranteed. Recommended and sold by all druggists. Insist on genuine.—Advertisement.

Fathers were thoughtful enough to plant maple trees along the principal streets of the city.

Their sons and daughters, imbued with the same idea, have continued to take pride in their home and its outside surroundings. They have planted shrubbery, rose bushes and a profusion of other plants which make Rushville distinctive.

The responsibility rests with the people of Rushville to keep this idea ever before them—that their home will not continue to be attractive unless they give some time and attention to their lawns.

Springtime is planting time. Now is the time to keep up the cultivation of that beauty which we all enjoy in the decline of life. Age comes to us all, but it can be made more attractive by the exercise of forethought and the expenditure of a little energy while we are still enjoying the heritage of a comparative youth.

## Hoarder Stifles Commerce

When you hoard money away you assist in stifling the commercial activity of this country.

If you put it in the bank the banker lends it to some one who uses it in producing something. That keeps other people at work and keeps the money in circulation.

If you lend it on a mortgage or buy bonds it answers the same purpose. It keeps circulating and every body is benefitted.

When money keeps moving it enables many people to move.

The fellow who can't move is in a bad way.

The dollar that is hid away is in a bad place.

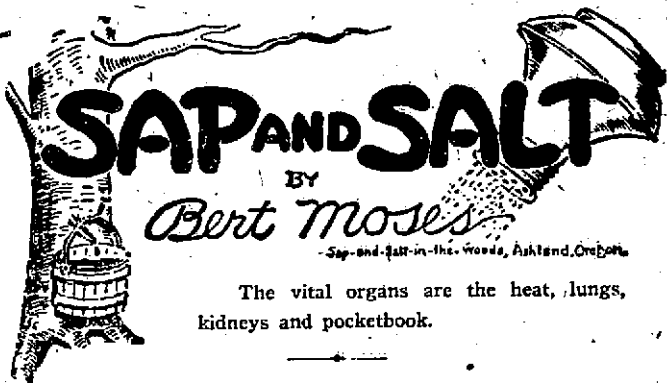

## More Money Than Sense

A flush of indignation is the first emotion most of us have when we read of wholesale swindles. But second thought usually brings the reflection that most swindles are due to the greed of the swindled. When the widow is fleeced out of the insurance money which should have kept herself and her children from want, the indignation is more or less righteous and lasting. But even in that case, had the widow consulted and followed the advice of a reputable banker before investing her all in blue sky stuff, it probably would not have happened.

When, however, patrons of pleasure resorts are parted from large sums because they were too lazy-minded or too greedy for quick returns to make proper investigation, the rest of us with our little savings bank accounts, our diminishing home payments, or sound endowment insurance, our Liberty Bonds and our few shares of good industrial stock salted down, may be permitted to smile.

That is, we may smile as long as we stick to our little old sound investments and do not listen to the lure of the wily salesman who is going to give us profits at a wildly high percentage.

Perhaps the people who have been swindled in the South this winter can afford it. If they couldn't, why did they bite the man who bites on bait like that when his family might suffer if the thing goes wrong is too foolish to waste much pity on.

**SAP AND SALT**

Ralph Test is in the race for the nomination to Congress. Mr. Test is a Henry county man, a former farmer and ex-soldier. He pledges himself to represent the District to the best of his ability if nominated and elected, and favors no class or faction, but serves as a man of the people.

## MORE EVIDENCE WILL BE SOUGHT

Comrades of Lieut. Col. Paul Ward Beck Not Satisfied With Coroner's Jury Verdict

### ARMY BOARD INVESTIGATES

Believes With County Attorney Evidence at Hand Not Sufficient on Which to Base Charge

(By United Press)

Oklahoma City, Okla., April 10.—Search for additional evidence in connection with the shooting of Lieutenant Colonel Paul Ward Beck by Judge Jean P. Day, after an alleged attempt to attack Mrs. Day, was under way today by army officers.

Comrades of the dead idol of the air service were firm in their determination for further action, although County Attorney Forrest Hughes and the army board of inquiry have declared that the evidence on hand would not justify charges against Day.

"I do not think the evidence, as presented at the inquest would justify a murder charge and the spending of public funds," Hughes announced, emphasizing, however, the phrase "evidence as presented at the inquest."

I would not hesitate a moment to prosecute Judge Day if additional or conclusive evidence is submitted," he added.

The army board of inquiry in a letter to Hughes advised as follows: "The board does not believe the version of the Days as to the conduct of Lieutenant Colonel Beck on the fatal morning was true. However, it does not believe that the testimony introduced at the inquest would justify filing of a charge of murder against Jean P. Day."

### Sport Summary

Princeton, N. Y.—Thomas McNamara, captain, outfielder and heaviest hitter of the Princeton baseball nine has resigned on account of scholastic ineligibility.

Boston—Four 'varsity champions are members of the Harvard baseball nine. Arthur Conlon is leader of the team. George Owen, hockey champion and foot ball star plays second base. Louis Gordon, captain of the basket ball five is in right field. Charley Buell, captain elect of the foot ball team is the utility infielder.

Chicago—Loren Mbrichson and Charley Paddock may meet in a series of sprints here this spring to decide national supremacy. The Illinois athletic club, acting for Mbrichson will challenge Paddock.

Newark—G. G. Hill, New York fan, says he will have twenty thousand signatures on the petition to Commissioner Landis to suspend Babe Ruth's sentence.

### TRAIN, 3 MACHINES FIGURE IN MISHAPS

Continued from Page One

It was raining and Dye failed to see a Pennsylvania freight train that was passing across the track at Hawthorne.

The crossing is located on the Brookville road, where it crosses the I & C traction line, and then two railroad tracks. The train was

across the crossing, and on account of the rain it was not seen in time to stop, and rather than run into it, the machine was swerved to the left, where it fell 20 feet, almost straight down.

The front wheels were buried in the mud and it required several hours yesterday to get it back onto the road. Wright was cut and scratched, but his injuries were not serious.

Mr. Mascari estimated his damage at about \$150.

Assumption, Ills.—Elmer Dubeck, local 9 year old came near joining Benjamin Franklin in the great beyond while emulating Ben's kite stunt. Unlike Franklin, the youthful experimenter used copper wire for his kite. The wire dragged across a high tension wire and ten hours later Elmer recovered consciousness.

# SOCIETY

Edited By Miss Edna Krammes  
Phone 1111

The Sons of Veterans auxiliary will meet Tuesday evening at the P. O. S. of A. hall.

Miss Lois Fritter will entertain the members of the Shakespear club Tuesday evening at her home in North Morgan street.

Mrs. Harry McManus of North Main Street will be hostess to the Cross Country club Wednesday afternoon. Every member is urged to be present.

Mr. and Mrs. A. B. George of near Orange had as their dinner guests Sunday, Mrs. Margaret Murphy of New Salem, Mr. and Mrs. Gus Bowen and daughter Lela.

Mr. and Mrs. Hubert Downs of Lewisville and Miss Ruth Sutton were the dinner guests of Mrs. Barbara Bates and family Sunday at their home in West Tenth street.

The Helping Hand Society of the Homer Christian church will meet with Mrs. William Adams at her home southwest of Homer Thursday afternoon. Every member is requested to be present.

Mr. and Mrs. John McCoy, Mrs. Eva Cressinger, Miss Katherine Shing of Indianapolis, Mrs. Ella Murphy and daughter Mary and Tom Saunders formed a motoring party Sunday and visited friends in Oldenburg.

The Ladies Aid Society of the Pleasant Ridge M. E. church will hold a business meeting in the parlors of the church Wednesday afternoon. All the members are urged to be present as officers will be elected at this time.

Miss Henrietta Coleman entertained with a dinner party Sunday at her home in East Sixth street. The guests were the Misses Genevieve Brown, Olive Traylor and Ruth Borell of Indianapolis, all former Rushville school teachers.

The Pastor's Aid Society of the Main Street Christian church will meet Tuesday afternoon in the basement of the church at 2:30 o'clock. An interesting program has been prepared for this meeting and a large attendance is urged.

The Psi Iota Xi sorority will meet Tuesday evening at the home of Miss Gladys Tittsworth in North Perkins street. At this time the first division will entertain the members of the second division with a pitch-in supper. All the members are requested to be present.

The W. W. T. class of the First Baptist church will hold their regular meeting Wednesday evening at the home of the Misses Mary and Mattie Bates in West Tenth street. All the members of the class are cordially invited and urged to attend this meeting.

Mrs. Virgil Henry and Mrs. Albert Sweet entertained with a Progressive Rook party last Friday evening at the home of the latter in Milroy, honoring Dr. and Mrs. Howard Thomas, who are moving to Gas City, for permanent residence. In the afternoon the ladies were entertained at five tables of cards and in the evening the husbands were guests and nine tables were in session. During the evening Mrs. Claude Crane entertained the guests with delightful music. Dainty refreshments carrying out the Easter color scheme of yellow and white, were served.

Relatives assisted Isaac Webb in celebrating the eighty-first anniversary of his birth, Saturday with a bountiful pitch-in dinner at his home just west of Rushville. Mr. Webb was born and reared in this county, where he is extensively known, and he is hale and hearty although past the four score mark. The dinner was served at noon, and the following guests were present: Mr. and Mrs. Guy Webb of Fountaintown, Mrs. Carl Webb and children of Morristown, Mr. and Mrs. Ertel Harcourt of Milroy, Mr. and Mrs. Rue Webb and Mr. and Mrs. Noah Webb of this city and Hugh Webb of Manilla.

**TRIED UNDER THE LAZY HUSBAND ACT**  
Continued from Page One  
weeks ago. He was fined \$100 and costs, and his partner, Frank German, provided payment for his fine which totalled \$137. The two were found guilty of unlawful possession of whiskey, in connection with the finding of several quarts in Glenwood.

# FASHIONS THAT BESPEAK EASTER

## Exquisite Dresses

Betty Wales and Peggy Paige styles were never richer—never more metropolitan—than is revealed in our extensive showing. The fabrics are the newest, the choicest products of the loom. The colors are wonderful and the workmanship is such as only these makers produce.

The values are unprecedented.  
\$15.00 gradually to \$75.00

## Sport Skirts

Sport fabrics of every description have been used in their making. Jaunty they are with their plain or frayed hems. So loud they speak, or more modest, at your discretion.

\$5.95 gradually to \$20.00

## O Boy!

We have not forgotten you. New shipments of boys' wash suits have just arrived, two-piece or Oliver Twist. New combinations of color are in evidence. Everyone guaranteed satisfactory. Size 2 to 8.

\$1.25 gradually to \$5.00

## Corsets

That is the first essential of a well-groomed figure. Permit our corsetiere to advise with you. Her corset knowledge is at your disposal. Beautiful new brassiers and bandeaus are here.

With a "new way" for each new costume, Fashion bids you participate in our Easter showing. There are draperies to replace straight lines—capas have adopted three lengths—and the three piece costume displays various new whims.

Seldom has one season had so many attractions to offer—and this is true of prices as well as styles. They are surprisingly low on everything—from the least accessory to the most elaborate tailleur.

## Artistic Blouses

All the new luscious shades of the new season are employed in our presentation of crepe overblouses, elaborately embroidered and beaded. Tailored models too of crepe and pongee. Dainty tailored shirts of batiste and dimity, self or gingham trimmed.

\$1.00 gradually to \$25.00

## Beautiful Sweaters

This is truly the sweater store. A galaxy of models of both slipovers and tuxedos, in soft wool yarns or shimmering silk—all presenting the gayest hues. Many are trimmed with fringe. Some of the handsomest are hand-crocheted.

\$2.95 gradually to \$25.00

## For Our Girls

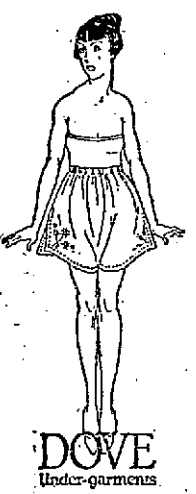

Pretty new creations of organdie and swiss, and such attractive models in higher colored ginghams. You, who are in the habit of making them, see these first. Sizes 2 to 16.

98c gradually to \$9.95

## Dainty

## Underthings

- Glove Silk,
- Crepe de chine
- Satin and
- batiste
- Step-ins
- Combinations
- Envelopes
- Camisoles
- Corset Covers
- Gowns
- Vests
- Bodices
- Pettibockers
- Bloomers
- Pettiskirts

## Attractive Suits

For every figure, from the slender to the stout, there is a diversity of styles to please. Twills, tricotines, homespuns, and velour checks are either severely tailored or contrived in the most elaborate fashion. The values are outstanding.

\$15.00 gradually to \$59.50

## Appealing Wraps

Three distinct types—the jaunty sport coat, the full flowing cape, and the elaborate wrap of exquisite materials. The garments will speak for themselves and there are scores of models from which to choose.

\$9.50 gradually to \$75.00

## Easter Shoes

By FRANK GETTY  
(U. P. Staff Correspondent)

New York, Apr. 10.—Modern woman will cause the next world war.

Dr. J. Frank Norris, "Texas Tornado" revivalist, today cut loose with a powerful blast against the foibles of American women.

"The cause of the next war struts up Fifth avenue today," Dr. Norris said, "and her sister out on main street apes her."

"The flapper will bring about this country's downfall, just as surely as Delilah caused Sampson's. Every great war has been traced to the depravity of women, and they never

were as bad as they are today.

When a woman slows her knees you can see the finish. And that of the Nation as well. Girls think more of their eyelashes and "nude" hosiery than they do of decency; home life is broken up; respect for law goes with it; wholesale iniquity follows; then—war.

"We cursed the Kaiser for starting the last war; but we 'pe' the cause of the next.

"Our statesmen are scrapping the battleships; they ought to be slapping the flappers. If I had my way, every girl under age would be in bed by nine o'clock at night.

"The modern girl is 100 times worse than the girl of the last century. And the country girl is just as bad as her city cousin. Once upon a time country girls were pure, but gasoline spoiled that. We have closed up our red light districts and put them on rubber tires.

"Women smoking are indecent. The spark from a woman's cigaret is going to touch off a conflagration that will destroy this country within fifty years.

"Jezebel was the worst woman in the world. She was the first 'queen of the shifters.' The last thing she did before she died was to paint her face and then the dogs ate her."

## FOR ALL BACKGROUNDS

If Mary has a little coat, made of light velours, no matter where our Mary goes the coat will be there sure. Anyway, it will fit in with any background, especially if it happens to be in a light color, as tan, gray, or beige and resembles the coat shown here. Note the ample lines in this model, its generous, flaring sleeves and large buttons. For ornament it has corded seams and silk-embroidered arrows and it is provided with a scarf-collar ending in a tassel.

New York—Wounded in the foot by a poison spear, brought from Africa, Ursula Gillis' life was saved when a former bushman, now a servant, sucked the wound and gave her tribal first aid.

"Come on, Alice, you know Mother said we are going to have Kellogg's Corn Flakes for lunch. And that's the kind I like to eat about a whole box of, because they ain't tough to eat! Come on an' hurry up!"

# Kellogg's Corn Flakes

## are a taste thrill at meals or any time

That's because Kellogg's Corn Flakes are so deliciously flavored—the Kellogg flavor that is known all over the civilized world! You, as well as the little folks, can eat great bowlfuls of Kellogg's Corn Flakes day after day—and each sunny-brown, crispy, crunchy spoonful thrills the taste as though it was the first!

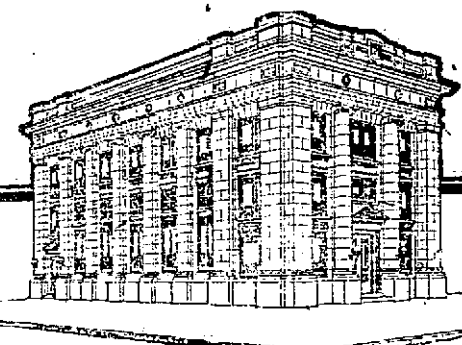

Put Kellogg's in comparison with imitation corn flakes! Kellogg's Corn Flakes are never tough or leathery or hard to eat! They are all-the-time crisp, all-the-time good! Don't miss such enjoyment!

Insist upon Kellogg's in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes! NONE ARE GENUINE WITHOUT IT!

# Kellogg's CORN FLAKES

Also makers of KELLOGG'S KRUMBLES and KELLOGG'S BRAN, cooked and krumbled

## BLACK SHEEP OF BIRD FAMILY IS PROTECTED

### Crow Takes New Lease on Life When Lieber Refuses to Designate Day For Their Slaughter

#### UNWISE TO EXTERMINATE THEM

(By United Press)

Indianapolis, Ind., April 10.—The crow, black sheep of the bird family, took a new lease on life today.

Richard Lieber, head of the state department of conservation, refused to designate a day for their general slaughter, as requested by Shy Birdie, old time hunter of Marion.

"From the corn consumed by these pesky creatures to the quail and other birds and eggs destroyed, forms a line of indictments against them," which warrants a death sentence," Birdie wrote.

E. W. Wilson, bureau chief of the U. S. Biological survey, has written Lieber asking that the conservation commission co-operate with the federal government in locating crows with bands tied around their leg which have been killed.

The biological survey, Wilson said, banded birds for the purpose of learning their life histories and economic values.

In the opinion of Lieber it is unwise to exterminate the crow entirely.

"Although we may underestimate the crow's economic value, it has some fixed position in nature's scheme for maintaining a fine balance," Lieber said.

## CANDIDATES CAN'T WRITE

### Office Seekers in the Kosciuszko County Primary

(By United Press)

Warsaw, Ind., April 10.—At least two men who will be in the race for the nomination for public office at the primary election May 2 in Kosciuszko county are unable to write.

One of them who seeks the office of justice of the peace had his declaration of candidacy prepared by a present county officer. He admitted he could not write.

The other would-be county officer came to the clerk's office with his declaration properly made out excepting the signature. Unable to write he made his mark an "X" which he more or less skillfully executed.

## "Sundayitis"

Bluffton, Ind., April 10.—Every Monday is a blue Monday in the Bluffton high school.

Many pupils made Monday a day of rest and those who do attend usually are apathetic.

Prof. P. A. Allen, superintendent of the schools, characterized the disease as "Sundayitis."

"It may be attributed to several causes," he said, "overeating, exposure and loss of sleep."

Proceeding on the theory that the latter was the most general cause, he requested parents to keep their children home on Sunday nights.

### Do You Have Pains or Backache?

Read What This Woman Says About It:

South Bend, Ind.—"Dr. Pierce's Favorite Prescription is the only medicine I ever found that gave me any relief. I was suffering for some time with inward weakness. Through this I became a nervous wreck and was so weak and 'all in' I could not do my work. I had backaches and pains in my sides. Neither the doctor's medicine nor any other seemed to touch my case or give me any relief. I at last decided to take Dr. Pierce's Favorite Prescription and from the first it seemed to give me new life. It completely relieved me of my weakness and improved my general health in every way."—Mrs. A. Hapner, 527 E. Monroe St.

Your health is the most valuable asset you have. You should write Dr. Pierce, Pres. Invalids' Hotel in Buffalo, N. Y., and receive free medical advice.

### Queer Turns In News

Youngstown, Ohio—Pet lovers here are jubilant. Mayor Oles announced he would give a bull dog to every man and a canary to every woman who finds a hole in the city paving.

Chicago—Miss Lillian Dollie recalled her invitations to her marriage to Bert Vanderburg. Bert is in jail and his present business will keep him occupied beyond the wedding date.

Chicago—Paul Beranek, prosecuting witness against Prince Rollins on swindle charges, was fined \$50 — a dollar a minute by Judge Caverly for being late for the trial. Rollins was freed.

St. Louis—"No more harm in a two-bit limit poker game than playing golf for 25 cents a hole; I enjoy both," yawned City Judge Mix, in dismissing gambling charges against seven men.

New York—The garter is back on Broadway. Spring styles call for dainty ones like grandma used to wear instead of the rolled fashion of yesteryear.

St. Louis—"Don't stop; keep right on tasting," yelled the barkers as 12,000 persons ate their way through the National Food show at the Coliseum here.

Brunersburg, Ohio—Losers in a rat hunt here are peeved. They had to banquet the winners. Now, they charge, the winners robbed "rat cemeteries" of other towns to boost their score.

### Used Goods For Sale

FOR SALE—Brass bed, fine condition. Phone 1856. 2414

## THE SAFE WAY

Have your car examined or overhauled before beginning its regular spring and summer use.

Cars get more or less out of order during the severe winter weather, and do not work as perfectly as they should. This additional wear and strain of the affected parts means increased expense to you if allowed to continue.

Failure to correct these defects has caused the wrecking of many cars. We are fully equipped to take care of any car.
